# 5 MUSSELMAN GROWERS ARE GIVEN BONDS

Five "master tomato growers," two of them from Adams County, were specially honored for their production achievements Wednesday evening at the annual tomato growers' banquet at the C. H. Musselman plant cafeteria in Biglerville.

President John A. Hauser of the Musselman Company presented each of the "master" growers, each of whom had a record of producing more than 20 tons of tomatoes to the acre last year, with a \$25 U. S. Savings Bond.

Those who received the special recognition and their production records follow: Eugene Kimple, Orrtanna R. 1, who produced an average of 24.09 tons to the acre from 2.86 acres; Clyde S. Group, Gardners R. 1, 20.61 tons on 11.57 acres; Speed Keeney, York R. 3, 24.56 tons per acre on 4.86 acres; Charles Rexroth, Windsor R. 1, 23.85 tons and five acres, and G. E. Taylor, Windsor R. 1, 20.64 tons on 1.9 acres.

## TALKS ON POLAND

The entertainment feature of the evening was a narration of a set of color slides by Henry Hackman, Manheim, Pa., who spent last summer in Poland as one of seven American exchange farmers sponsored by the Service Commission of the Church of the Brethren to promote understanding and good will between those countries. He took the pictures during the tour of Poland and included a number of culture in Poland. Mr. Hackman is head of the science department of the Donegal High School and is president of the Pennsylvania Association of Soil Conservation Districts.

About 200 attended the banquet with Kenneth S. Alwine, procurement director for the Musselman Company, as toastmaster. Sales Manager Elmer J. Yoder gave the invocation. Mr. Alwine introduced John White, vocational agriculture teacher at Biglerville High School, and he presented Carrell Rainey and Carl Koch, student teachers at Biglerville High from Penn State University.

Donald Horst, Musselman Company horticulturist, showed a brief film on mechanical tomato picking which he described as "still in the experimental stages although progress is being made."

# COUNTY'S ASC COMMITTEE TO GO TO SCHOOL

The Adams County Agricultural Stabilization and Conservation Committee will go to "school" in Bedford Friday to learn the details of the government's new plan for the county's 2,086 feed grain growers.

The committee last month took a census on who grows corn and grain sorghum and how much and found 2,086 county farms raised either corn or grain sorghum during 1959 or 1960.

Completion of the tabulation showed the 2,086 farmers had 135,567 acres of cropland among them, that in 1959 they planted 42,422 acres of corn and 394 acres of grain sorghum and that in 1960 they grew 41,032 acres of corn and 416 acres of grain sorghum.

## GIVES PROGRAM'S AIMS

The figures will give the county committee the basis on which to determine how each farmer fits into the upcoming program. The committee members, Chairman Myles Starnes, George Stock and Stewart Walker, and their office manager, J. Glenn Miller, will join other similar units at Bedford Friday morning at 10 o'clock in Fort Bedford Hotel to get the word on the new program from Howard Porter, Harry A. Peters and James W. Frederick, the new Pennsylvania State ASC Committee. Porter is a grasslands farmer. Porter is a grasslands farmer with a herd of registered Angus cattle from East Millsboro; Peters is a fruitgrower at Scotland, a past president of the state horticultural association, who also grows some corn, and Frederick, of Watsonstown, has a general farm and a herd of milk cows. They were recently named to succeed

## GOP Leaders To Meet Ike Here

WASHINGTON (AP) — The Senate and House Republican leaders said today they will meet with former President Dwight D. Eisenhower May 1 at his Gettysburg farm to discuss party policy.

Said House GOP Leader Charles A. Halleck of Indiana, "Since everybody's playing golf now, we may just play a little golf at Gettysburg."

Senate Republican Leader Everett M. Dirksen of Illinois primed Halleck with this question: "What do you mean, everybody's playing golf?"

Halleck then said he doesn't mind the golf playing of President Kennedy and hopes the new President will keep playing. He added that he thinks Kennedy probably "is playing as much golf or a little more in the same time" than Eisenhower did when he was President.

## COMPANY K TO PARTICIPATE IN PAGEANT

Company K, 1st Pennsylvania Reserves, one of the local North-South Skirmish units, Wednesday made plans for participation in the April 22 pageant here marking the centenary of the departure of the Independent Blues, first unit of soldiers to leave here for service in the Civil War.

Meeting at the home of its commander, Lawrence Crouse, Gettysburg R. 1, the unit discussed the manner in which it will represent the local militia group which fired the cannon as part of the farewell for the "Blues" on April 22, 1861.

Members of the unit and their ladies will help swell the crowd of "townspeople" during the program which will recreate the raising of a flag in Lincoln Square and the raising of a flag at the courthouse which with a church service were among the programs held in connection with the "Blues" departure.

The Skirmish unit also made plans for participation in a number of other activities during the coming months. April 14 they will take part in a Civil War dance at the York County Club, Sunday, April 16, they will be at Harrisburg for the re-enactment of the departure of the "First Defenders" there; April 29 and 30 they will take part in a regional skirmish at Indiantown Gap. May 20-21 they will take part in the national skirmish at Fort A. P.

## MEMBERSHIP IN BOY SCOUT UNITS GROWS

With an increase in membership of 46 during the first three months of the year the Black Walnut Boy Scout District seems "assured of 900 members by the end of the year," Scout Field Executive Stanley C. Rogers told the district committee at its meeting in the engine house, E. Middle St., Wednesday night.

Boy membership increased from 820 to 866 during January, February and March, Rogers said, and "normally this is the time of year when new memberships are low."

Jack Orner, fund drive chairman for the district, urged "the assistance of all Scout leaders" in concluding the annual drive for funds. So far \$4,306 has been raised, leaving \$1,394 still to be secured to reach the goal of \$5,500. Of the amount raised so far, \$1,650 came from special gifts.

## NEW POST PLANNED

Rogers announced plans for formation of a new Explorer post at the Presbyterian Church Friday night and said a training session will be held Sunday for leaders of a new Cub pack at Arndtsville.

Advancement Chairman Donald Carver reported the advancement of Roger Brough, of Troop 75,

Y.

A member of the Lutheran Society of Worship, Music and Art, he has written number of original choral compositions. During the present season, Mr. Carlson is replacing the director of the Thiel Choir, Marlowe W. Johnson, who is on leave of absence to undertake further graduate study. Sponsor of the Thiel choral group's appearance in this area is St. James Lutheran Church with the cooperation of Christ Lutheran Church and the Music Department of Gettysburg College.

## FURNITURE MAKING WILL RESUME SOON

Timely of Gettysburg—the new furniture plant—is scheduled to "start making our first piece of furniture" next week, Joseph Wulffman, general manager of Timely of Huntingburg, Ind., and W. A. Feldmeyer, resident manager of Timely of Gettysburg, announced this morning.

The company, which purchased the Reaser Furniture Co. and Gettysburg Panel Co. plants north of York St. several months ago when the Gettysburg Furniture Companies closed, expects to have approximately 100 men employed in the former Panel Co. plant by July.

Wulffman said Timely of Gettysburg has "about a dozen" employees at present, during the period of preparing the panel company for production. A number of contractors have been at work for some weeks in the program that includes complete rewiring of the buildings, painting, replacing of worn floors and installation of machinery. The beginning production will "start slowly at first" as installation of the various equipment proceeds. By July the plant is expected to be operating "full scale."

## TO BE WAREHOUSE

The 55,000-square-foot former panel factory is being converted to the production of bedroom suits, closets, cabinets and other similar furniture. A ground floor room at the panel factory building is being reconstructed into an office for Timely.

The former Reaser Furniture Co. building will be a warehouse not only for furniture made by Timely of Gettysburg, but for other products made by Timely

## \$500 IS ADDED TO AMBULANCE FUND'S TOTAL

The Ambulance Board of the Gettysburg Fire Department Wednesday evening at its meeting in the engine house added another \$500 to the fund for a new ambulance, bringing the total to \$2,000.

Decision to place the sum in the fund came after the report of Secretary-Treasurer Glenn Weishaar showed the checking account to have a balance of \$1,077.70 as a result of a number of donations and payments for out-of-county ambulance trips during the past month.

With the only immediate outlay anticipated being an approximately \$150 bill for new equipment on the ambulances, and normal operating expenses anticipated for the coming month, it was decided to put the \$500 sum in the special fund.

Plans were made for a meeting of the entire ambulance corps on Wednesday evening, April 19, at 7:30 o'clock at the engine house. At that time Charles Lupp will explain operation of the conversion units placed in the ambulances to permit electrical operation of the plastic lung while the ambulance is in motion. In addition a general discussion on ambulance operation will be conducted along with a "problems period" at which members of the corps raise questions concerning problems they may have encountered during operation of the ambulances.

The board was asked whether members of the Junior Fire Department might ride as "third man" in operation of the ambulance on routine calls. The board voted against the idea but suggested that when members of the teen-age Junior Fire Department reach age 20 and plan to become firemen at 21 such a request may be considered again.

## BURY MRS. KEEFER

Funeral services for Mrs. Gens M. (Wolfe) Keefer, 56, wife of Isaac D. Keefer, Germany T. Littlestown R. 2, who died Tuesday at the York Hospital, where she was a patient for six weeks, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown. The Rev. Kenneth D. James, pastor of the Glen Rock Lutheran Church, officiated. Interment was in Mt. Carmel Cemetery, Littlestown. Pallbearers were Columbus Schneider, Clair Arter, Carl Zeigler, Luther W. # BIGLERVILLE WILL GET NEW POST OFFICE

Senator Joseph S. Clark said today he has been advised by Postmaster General J. Edward Day that a new post office has been authorized for Biglerville.

This announcement, the postmaster general advised, coincides with the optioning by Post Office Department regional officials of a site meeting department requirements as to cost, area and location.

"This new and modern postal facility," Senator Clark said, "will be constructed under the Post Office Department's commercial leasing program, which utilizes the resources and investment funds of private enterprise to obtain needed postal buildings."

**SITE IS SELECTED**  
The new post office will contain about 2,300 square feet of floor space, plus a loading platform. The site, located on the southeast corner of W. York St. and High St. and comprising about 9,450 square feet, will provide adequate parking and truck maneuvering areas.

According to Postmaster E. E. Carey, bidding forms, specifications and other pertinent data will be available to prospective bidders about May 5, at which time the Post Office Department will advertise to obtain bids.

"The site option," the postmaster said, "will be transferred to the successful bidder, who will purchase the land, and then will construct the building to Post Office Department specifications and lease it to the department on a long-term basis, with lease renewal options running up to 25 years."

**MODERN BUILDING**  
Senator Clark said, "Because these postal buildings remain under private ownership while leased to the Federal Government, the lessor pays local real estate taxes."

"Furthermore," he added, "because the buildings are constructed with private investment funds, capital outlays by the Federal Government are limited substantially to those for post office furniture and equipment."

"Making this announcement pleases me greatly," Senator Clark concluded. "This new post office will provide the citizens of Biglerville with the latest in modern postal improvements, assuring patrons more convenient mail service as well as providing a much better place for postal employees to work."

# Local Teachers At Banquet Wednesday

The annual spring dinner meeting of the Gettysburg branch of the Pennsylvania State Education Association was held Wednesday evening in the parish hall of Grace Lutheran Church at Two Taverns with 194 present and with the Rev. Loy C. Gobrecht, Elwood City, as the guest speaker.

Mrs. Dorothy Sprigg, member of the faculty at Meade School and PSEA branch president, presided during the evening. There was vocal and instrumental music by David Greenlund, a student teacher from Gettysburg College. The Rev. Mr. Gobrecht spoke on "Happiness Along the Highway of Life."

could lead to trouble between the United States and Britain at next fall's meeting of the U.N. General Assembly. But the President and prime minister indicated a determination to do everything possible to minimize the split.

They discussed the Red China issue at the White House Wednesday in a series of meetings which began at 11 a.m. and continued until after 6 p.m. U.S. and British officials subsequently described the consultation as "most valuable and useful" in providing a basis for strengthening allied cooperation in many fields, despite the inability of either Kennedy or Macmillan to do anything to narrow the differences on Red China.

# TO ATTEND LUNCHEON

The new round of talks today was scheduled to begin with a meeting between Secretary of State Dean Rusk and Foreign Secretary Lord Hume of Britain. Macmillan planned to attend a luncheon given by Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

Kennedy arranged to take the prime minister on a late afternoon trip down the Potomac River aboard a 92-foot presidential motor cruiser which he has named "Honey Fitz" after his maternal grandfather.

# STOCK PRICES MIXED

NEW YORK (AP) — Trading moved at a restrained rate on the stock market early this afternoon with prices mixed.

The Associated Press 60-stock average at noon advanced 10 to 243.1 with industrials up .30, rails up .40 and utilities down .30.

Prices fell below their best level of the session. Investors apparently still were impressed by the statement in which Keith Funston, president of the New York Stock Exchange, urged caution in making investment.

## MAN IS BEATEN TO DEATH IN A HOUSE TRAILER

COATESVILLE, Pa. (AP)—Louis Olivieri, 42, a Coatesville area mushroom grower, was beaten to death Wednesday night in a house trailer in nearby Cochranville, state police said.

State police Sgt. Hayes Asper of the Avondale barracks said that George Eastridge, 48, of Landenberg, an unemployed laborer who once worked for Olivieri, admitted beating the mushroom grower with a claw hammer.

Asper said Eastridge, who was lodged in Kennett Square jail, would be charged with murder at a hearing today.

### POLICE GIVE DETAILS

The state police sergeant gave this account:

Eastridge Wednesday night went to the trailer where his estranged wife, Edna, 37, lived with three of their six children. He found Olivieri, a bachelor, there. A fight ensued. Then Eastridge attacked Olivieri with the hammer.

Asper said he didn't know whether Eastridge had the hammer with him or picked it up in the trailer.

He said that Mrs. Eastridge ran screaming from the trailer to the home of neighbors and called police.

Asper led a detail of police, which located Eastridge in a wooded area about 2½ miles from the trailer. He apparently was walking back to his home and offered no resistance.

Olivieri died in the Delaware Memorial Hospital in Wilmington, Del., shortly before midnight. He had been treated at a local hospital before being removed to Wilmington.

are motor symptoms like eye blinking, stuttering or a nervous twitch."

He explained the differences between a normal child at 6 and 12 years of age, and an abnormal child for the same age group.

He stressed that proper discipline "is one of the best things we can do to set proper behavior patterns. We must have discipline day-in-and-day-out, and then the child will tend to accept the values of the parents. The parents must also set a standard of living. Children become confused due to a lack of standards. The family is the key to a community and we must instill in our youngsters the ideas to make good healthy citizens in life," he concluded.

## CONFESSION TO MURDER DOES NOT CHECK OUT

CHESTER, Pa. (AP)—Charles Kessleski, 21, a jobless short-order cook who investigators said admitted in an alleged confession the killing of a 16-year-old girl, has denied participation in the crime, the district attorney says.

Dist. Atty. Jacques Fox of Delaware County added Wednesday that he does not "consider this a repudiation."

Harry Kinsler, 20, of Folsom, who originally was arrested in the case after Kessleski made reference to him in the alleged confession, police said, has been released for lack of evidence. No charges were placed against him.

"Kessleski's confession implicating Kinsler does not check out," said Fox.

Police said Kessleski old them Kinsler was with him the night of Feb. 24 when Patricia Nicklas of nearby Trainer, was shot to death as she walked home from a dance. Fox said that Kinsler's wife and another couple supported Kinsler's story that he was at a movie with them when the girl was slain.

Fox said that Kessleski was given five lie detector tests but that he has not seen the results of them yet.

The district attorney said Kessleski has "changed the details" in the alleged confession at least six times.

Kessleski, of Chester, has been held without bail since Tuesday in the shooting. He has pleaded innocent to a charge of murder.

Lt. Rocco P. Urella of the state police had said Kessleski signed a statement admitting he shot the girl because she had refused to "take a ride" with him. Kessleski is married.

## Plan Reunion Of World War I Outfit

Philadelphia's First Regiment has planned a reunion of World War I's 109th Infantry in Pennsylvania on Thursday, April 20, in conjunction with its centennial, which takes place on April 19.

The reunion is an important part of a week-long celebration for the 103rd Engineer Battalion, the First Regiment's present-day counterpart.

A buffet dinner will be served for the men of the 109th at the 103rd's armory at 32nd St. and Lancaster Ave. in Philadelphia on April 20.

Any veterans of the 109th interested in attending the affair can obtain further information by calling Jerry Berkowitz, 6425 Lebanon Ave., Phila. 31, Pa.

## COUNTY'S ASC

(Continued From Page 1)

Earl L. Groff, Strasburg; James R. Henderson, Hickory; and James A. Beaver Sr., Bellefonte.

Porter, as chairman of the state ASC, has announced the new feed grain program is to increase farm income; prevent further buildup of the feed grain surplus and reduce it if possible; help assure the consumer of fair and stable prices for meat, poultry and dairy products and reduce ultimate feed grain program costs to the taxpayers by about \$500,000,000.

DALE IS RETIRING

The proposed 1961 corn and grain sorghum program nationally is designed to divert at least 20 per cent of the corn and sorghum acreage and in return the cooperators will be eligible for price supports on corn and grain sorghums. Payment will be in the form of negotiable certificates for which producers may receive grain or a cash equivalent of grain.

National price supports will be \$1.20 a bushel for corn, \$1.93 a hundredweight for grain sorghum, 92 cents a bushel for barley, 62 cents a bushel for oats and \$1.02 a bushel for rye. Each county however will have a separate price support based on a variable factor.

The ASC, state-wide, is starting "Practically new," it was reported here. In addition to the new three-member board, Anthony DiSanto has been named permanent secretary of the state ASC and he will also act as administrative officer until a successor to Norman C. Dale is selected. Dale, who served in the post for the last six years, has worked for the government for 41 years. He plans to retire.

### FIGURES BY SECTIONS

The survey conducted by the county ASC in preparation for the new grain program shows the distribution of farms and corn and grain sorghum raisers in the county. In "Community 1," Freedom, Liberty, Highland and Hamilton-Townships, there are 191 such farmers with 14,406 acres of cropland of which last year 3,812 acres were devoted to corn and 60 to grain sorghum; in "Community 2," Cumberland, Straban and Mt. Joy, there were 397 such farmers, with 29,142 acres of cropland, who grew 8,167 acres of corn and 46 of sorghum last year; in Community 3, Union, Germany and Conewago, there were 256 such farmers with 16,761 acres of cropland of which 6,522 acres last year were in corn and 12 in sorghum; in "Community 5," Reading, Tyrone, Huntingdon and Latimore, there were 482 such farmers with 31,822 acres of cropland of which last year 8,701 acres were in corn and 142 in grain sorghum; in "Community 6," Butler, Menallen and Franklin, there were 351 such farmers with 18,833 acres of cropland of which last year 5,320 acres were in corn and 93 in grain sorghum.

## To Discuss Plan For Administrators

HARRISBURG (AP)—Atty. Gen. Anne X. Alperin's plan for court administrators in Philadelphia and Allegheny Counties will be discussed at a hearing before the Senate Judiciary-General Committee here next week.

Sen. Hugh McMenamin, D-Lackawanna, committee chairman, scheduled the meeting at the request of Allegheny judges who have voiced misgivings about the plan.

Essentially, the proposal provides for an administrator to be appointed in each of the county court systems by the Supreme Court to handle business details in an effort to give judges more time for actual court work. Both counties have huge case backlogs.

### LOST: EASTER BUNNY

YUBA CITY, Calif. (AP)—Wanted by the sheriff: One Easter bunny.

Elbert Audrey Tylor, 46, was one of 10 prisoners assigned to play bunny and hide 4,200 colored Easter eggs before Sheriff G. W. Carpenter's big Easter egg hunt for Sutter County children.

The children found the eggs, but the sheriff hasn't been able to find Tylor, who was serving a nine-month sentence for failure to provide for his family.

## Young, Old, Rich And Poor Pour Pennies And Dollars To Pay Sergeant York's Tax Debt

EDITOR'S NOTE—How do fellow Americans respond when a private appeal is made to help a great war hero square his tax debt with the government? Gordon Brown tells this warm story of an outpouring of contributions—ranging from pennies to \$1,000—to help Sgt. York in his time of need.

### By GORDON BROWN

WASHINGTON (AP)—Lots of people—kindly people, sympathetic people, rich and poor, young and old, high and low—have helped Sgt. Alvin York solve his federal income tax problem.

Letters by the thousands have poured in from people wanting to contribute to the \$25,000 fund needed to wipe out the World War I hero's tax debt.

The goal now has been reached and hundreds of letters are yet to be opened.

This national outpouring of good will to a man who served his country well has touched Capitol Hill where much of the mail these days is of the pressure or "gimme" type.

### RAYBURN GIVES \$1,000

"These people are giving—not asking," said Rep. Joe L. Evins, D-Tenn., treasurer for the York Tax Fund Campaign. Speaker Sam Rayburn, D-Tex., touched off the drive two weeks ago with a \$1,000 donation.

There have been a few other big donations since then. But for every one of these there have been hundreds of \$1 and \$2 donations. Some sent pennies.

Who contributed? Here are

some samples:  
From Denver: "Dear Sirs—I am enclosing only \$1 to the Sgt. York fund. I am 81 and don't have much so excuse the small sum. Very sincerely, An old woman."

### BOY SENDS QUARTER

From Bobby Lamie, Kankakee, Ill.: "Dear Sergeant York—I am 9 years old and I help my brother with his paper route. My brother said that you need help. I hope this 25 cents will help you."

Unsigned letter from Washington, D.C., addressed in childish scrawl to "Sargent York" (sic): "Here is ½ my allowance for a brave man." (Enclosed was 25 cents.)

Michael G. Parker, 11, Bronx, N.Y., sent a dime, two nickels and two pennies taped to a sheet of paper and a note saying "Something for Sgt. York."

### OTHERS GIVE \$1,000

In addition to Rayburn, others who contributed \$1,000 were Secretary of the Treasury Douglas Dillon, publisher William Randolph Hearst, former Undersecretary of State Will Clayton; Philip L. Graham, president of the Washington Post; and Abe Plough, Memphis, Tenn., drug executive.

There were numerous donations from men who served in the 82nd Division with York when he was credited officially with putting a German machine gun battalion out of action practically unassisted.

## RR Employees Are Invited To Party

Western Maryland Railway employees have been invited to Hagerstown Saturday for the "family parties" to be held there at 10 a.m. and again at 7:30 p.m. so that all employees and their families can attend without interfering with the movement of trains.

Admission will be by ticket only and will be limited to employees of the company's eastern division and some specially invited retired employees. There will be a first aid demonstration and instrumental and vocal music.

EUREKA, Calif. (AP)—A sharp ten-minute earthquake shook Humboldt County Wednesday night, but no damage was reported.

The shock rattled windows from Klamath, 61 miles north of Eureka, to Garberville, 85 miles south.

BOSTON (AP)—President Kennedy will celebrate his 44th birthday May 29 at a Democratic fundraising dinner expected to be attended by 5,000 at Boston's Commonwealth Armory.

man, then 31, performed his amazing feat of killing 25 Germans and taking 132 prisoners.

The commander of the American Expeditionary Force, Gen. John J. Pershing, described York as "the greatest civilian soldier of the war," and made the recommendation that brought York the nation's highest military decoration—the Medal of Honor.

York, now 73, fell into income tax difficulties with the government several years ago because of income he received from a book and a movie based on his life and war exploits. The money melted away, York became ill and when the government presented its claim he was unable to pay.

### TWENTY YEARS AGO

#### 11 Enrollees Hurt As Truck

**Hits Culvert:** Returning from a Saturday night recreation trip to Hagerstown, Maryland, 11 CCC enrollees from the Gettysburg camp were injured, one seriously, when the truck in which they were riding struck a culvert abutment on a curve and rolled over twice. Nine other youths on the truck were unhurt.

Most seriously injured was Charles Jeffries, 19, Coatesville, who is in a serious condition in the Waynesboro hospital with a fractured skull. Not badly hurt in the crash, Jeffries had a second narrow escape from death when he was thrown into a small stream along the road. He was pulled out of the water by two of the uninjured truck riders and was revived by artificial respiration.

**Year Of Extra Work Open To Seminarians:** Members of the Junior and middle classes at the Gettysburg Lutheran Theological Seminary are being given an opportunity to take a year of field work between the second and third year of residence at the seminary.

Discussing plans for "this year of internship" with a Gettysburg Times reporter, Dr. Abdel Ross Wentz, the seminary president, stated that a number of members of the two lower classes already have asked for the opportunity of a year of practical experience before their graduation into the active ministry.

**New Equipment Demonstrated At Indiantown:** The Army opened the eyes of Pennsylvania veterans of other wars today. Gun teams worked with modern mechanized equipment, "top kicks" put the tanks through the new streamline drill, and those who remembered the kitchen as a dreaded detail were given a first-hand glimpse of shiny new equipment, some of which even peels potatoes.

**Bus Enroute Here Burns In Columbia Crash:** Columbia, Pa. — A Greyhound bus, carrying 11 passengers, was swept by fire today after an automobile crashed into the rear and severed a fuel line running to the bus tank containing 200 gallons of gasoline. None of the passengers was injured. The driver of the machine, Chester H. Fink, 69, of Columbia, was slightly injured as his car careened off the bus into the center of the Lincoln highway and was struck by a trailer-truck. He was taken to the Columbia Hospital. Some of the passengers' luggage was destroyed and the interior of the bus wrecked.

**U. S. Steel, Union Extend Wage Talks To April 15:** The United States Steel corporation and the CIO Steel workers organizing committee agreed today to continue their wage negotiations, thus averting the threat of an immediate work stoppage in the steel company's mills.

The SWOC issued a statement saying that workers would remain at their post under the present contract until April 15 and that any changes in wages or working conditions agreed upon in the meantime would be retroactive to April 1. The SWOC previously had called a strike for midnight Tuesday.

**Outline 4-Day GAR Program Here In June:** Representative officers of the organizations affiliated with the GAR and the Gettysburg camp of the Sons of Veterans conferred Sunday afternoon at the Hotel Gettysburg on plans for the annual encampment of the GAR and the other units in Gettysburg during the week of June 22.

A tentative schedule of events was outlined and hope was expressed that an encampment of the uniformed Sons of Veterans

## Today's Talk

### THE DIFFICULT THING

It's our difficult problems that make us all that we are. Even the easy things which we now do were once difficult for us. Else it would be a very discouraging world in which to live.

It is hard for us to remain quiet and patient in the face of hurts—but that is the wisest way. There is little intentional desire in the hearts of people to hurt. So why is it that we dwell so long upon them? And why is it that the good turn, the thoughtful act on the part of someone who loves us passes so quickly?

When things run smoothly we laugh and are light in heart, but when the difficult thing comes to our door, we worry. Yet there are those who have formed the habit of being happy when they are tackling the most difficult things.

I once knew of a contractor who advertised that he made a specialty of "difficult foundations."

I see no reason why we shouldn't all make a specialty of difficult foundations. Surely no other foundation is worth the building. I once read in a newspaper of a famous American whose story was summed up as follows: "Forty dollars (the amount he started with), forty failures, forty millions!"

If we do the difficult thing first, too, then we may be assured in advance that we can finish the rest.

And this is assurance sufficient to start anything, isn't it?

### WISDOM

Not in the knowing wisdom lies, But in the courage still to go Beyond the fact that makes men wise, Pursuing what they do not know.

The rules laid down are hard and fast;

The books men write seem final things;

Yet scarce we've labored with the last

Before the next new wisdom brings.

Old axioms keep the throng at bay,

The living serve their ancient dead

Until some doubter finds a way

To better all that's known and said.

Thus, those who know too well the books

Make little progress of their own,

For wise men quit the dusty nooks

To gain a fact that's still unknown.

## Honeymooners Get Special Treatment

RICHMOND, Va. (AP) — The federal tax collector here has a romantic streak in his make-up. C. W. Goltzsch, Internal Revenue Service director, said he plans to expedite a request from a female taxpayer who attached the following note to an income tax refund claim for \$33: "Rush! Rush! Rush! This is honeymoon money."

Reserves might be combined with the annual convalescence of the Boys in Blue of Pennsylvania and the groups affiliated with them.

### EMERGENCY CALL PLAN IS WORKING WELL

The Alpha Fire Company No. 1 of Littlestown met on Tuesday evening in the fire engine house with President Dennis Wallick in charge. Following prayer by the chaplain, Clair J. Redding, and "America," James P. Hahn, acting secretary, presented the secretary's report. Clyde Harner, of the general carnival committee, appointed the following to serve as the carnival book committee: Leslie Shinnham, Richard Hartlaub and Clayton L. Evans. There was a discussion on the company's Uniform Rank, and it was noted that 24 members had signed their intention of participating in parades; further plans regarding this unit were tabled until the next meeting.

The fire chief spoke relative to the present emergency telephone setup, noting that since its inception, the working plan has been acceptable to date. He also announced that the raincoats on order had been received and have been placed in use. Henry E. Waltman reported that the maps of the townships in the fire area, ordered since the last meeting, have been received.

James P. Hahn reported that prices on stickers with emergency phone numbers have been received and, after he explained them to the company, it was voted to purchase 5,000 stickers for distribution in the community and vicinity. The sticker will fit on the cradle of the telephone, so that when the receiver is lifted from the cradle, the emergency number will be immediately visible. The fire chief and assistants, Richard Stuller, James P. Hahn and Jack Rebert, will be in charge of the purchase and the distribution. Fire Chief Stuller reported five calls since the last meeting, with an estimated damage of \$3,000.

### ORDER DELUGE GUN

The fire chief recommended to the company the purchase of a deluge gun, and other members of the company acquainted with the use of this piece of equipment endorsed his recommendation and the company voted to authorize the purchase, with the fire chief and truck foreman, Kenneth Olinger, in charge.

The truck foreman reported that two of the trucks have been inspected and that the company's large ladder has been hung on the wall brackets provided for this purpose. He also suggested that the raincoats, boots, etc., also be hung on the wall. The company voted to follow this suggestion and the truck foreman and fire chiefs were appointed to secure whatever properties are necessary to take care of the job.

Ronald Brown, Robert Nester and Charles Moose were nominated for membership and the president appointed Kenneth Eyer, Carl Wantz and Leroy Kline as an investigating committee. Bills were ordered paid in the amount of \$369.29 and receipts for the evening were \$356.53. This amount included donations from Knoe Foods Inc., and Charles Shoenmaker for services rendered by the company.

### 5 MEMBERS DROPPED

Tuesday was the deadline for the payment of dues and five members were dropped from the roll, four for nonpayment of dues and one for nonresidence.

Plans were discussed for the partitioning of the engine room to house the company's radio equipment and also to turn the present meeting room into a social room, and to have future meetings in a room at the community center, when available. The committee to investigate these possibilities includes Kenneth Olinger, Richard Stuller, James Hahn and Jack Rebert. The canteen fund report was given by Paul E. Altoff.

Forty-four members attended Tuesday's meeting and following adjournment refreshments were served by the social committee, Robert King, Carl Wantz and Jack Rebert.

The largest of North America's prehistoric lakes, Lake Agassiz, was almost as large as the State of Nevada. It sprawled northward into Canada from North Dakota and Minnesota.

## LENTEN PRAYER FOR TODAY

### from *Go With God* BY JIM BISHOP

The late Cecil B. de Mille, who was born in Ashfield, Massachusetts, in 1881, became identified with motion pictures in 1913 and was famous for many great films which he had produced, including two on Biblical subjects, "King of Kings" and the comparatively recent "The Ten Commandments." A compilation made early in 1959 by VARIETY, the principal trade organ of the theatrical industry, showed the De Mille filming of "The Ten Commandments" and "Gone With the Wind" to be the best selling productions in the history of the movies.

Lord, teach me to pray  
Not for myself alone, but for all who need You  
Not with my lips alone, but with Your Mind in me  
Seeking not only Your gifts, but, above all, You.  
Not my will, but Yours.  
Not my feverish pursuit of things, but Your Grace  
Make the mind a channel for the Divine Mind—and  
let the spirit of truth speak through my lips.  
Whether I work or play or eat or sleep or read or  
talk or whatever I do  
Even when I forget You  
Abide in me.  
Use me  
Always  
Not for myself alone, but for all who need You.  
Increase my faith.  
Dear God—I thank You for Your Wonder and Your Glory.  
I thank You that You hear our prayers.  
So be it—always. Amen.

## MORE JURORS IN POTTSVILLE THEFT TRIAL

POTTSVILLE, Pa. (AP) — Six more jurors and two alternates remain to be selected today before testimony begins in the burglary trial of Ralph Staino Jr., 28, of Philadelphia, and John C. Berkery, 30, of Haddon Heights, N.J.

The two men are accused of helping burglarize the home of John B. Rich, a wealthy Pottsville coal operator, in 1959 while Rich was on a European vacation. Rich claims only about 4,000 in cash was taken, which is what the indictment lists. Police have said the amount was some \$478,000.

The trial opened Wednesday in Schuylkill County Court. Six jurors were selected, three women and three men. In all, 26 potential jurors were examined Wednesday. The defense challenged 10 and the state 11.

### SCHEDULE REIS TRIAL

Judge Charles W. Staudenmeier excused the challenged ones but told them to be ready for possible duty on a jury which will try Lillian Reis, a Philadelphia nightclub owner accused of masterminding the burglary.

Miss Reis is scheduled to go on trial immediately after completion of the Staino-Berkery trial. Staino is floor manager of Miss Reis' Celebrity Room Night Club in Philadelphia.

Miss Reis, a 32-year-old striking brunette, and Berkery also face action on a murder charge. They have been indicted by an Atlantic County, N. J., grand jury on charges of murder in the slaying of Vincent Blaney, 26, of Philadelphia, another defendant in the case who police said was killed to keep him from turning state's evidence.

### 1ST DEFENDANT CONVICTED

Robert Poulson, 25, of Philadelphia, another defendant in the burglary case, was the first to go on trial. He was convicted last month but is free on bail pending a motion for a new trial.

The jurors selected Wednesday were Mrs. Agnes Soley, of Tanawana; Mrs. Blanche Whitman, of Schuylkill Haven; and Mrs. Helen Solsky, of Coaldale, all housewives; Howard Ely, of Tremont, a self-employed painter; Paul Fedak, of Tuscarora, a clerk; and Norman Hand, of Pine Grove, an unemployed clerk who was designated foreman.

## CASTRO KILLS TWO MORE MEN

HAVANA (AP)—Firing squads executed two more men in La Cabana today, raising to 601 the unofficial total of persons executed by Prime Minister Fidel Castro's regime since he took power on Jan. 1, 1959.

They were condemned by separate military tribunals Wednesday night.

The two tribunals also sentenced 24 persons to prison for terms ranging from 9 to 30 years on charges of counterrevolutionary activities.

Saboteurs were blamed for a fire Wednesday night in one of Cuba's largest sugar mills, formerly the American-owned Hershey mill, 40 miles east of Havana.

The Castro regime announced it had smashed two counterrevolutionary bands operating in Oriente Province and captured seven insurgents. The government charged that the insurgents were supplied by the U.S. naval base at Guantanamo Bay. Similar charges in the past have been denied by U.S. officials.

## Finch And His Paramour Are Given Life Sentences

By PAT McNULTY  
LOS ANGELES (AP) — "We'll fight it, darling, we're still alive." Wet-eyed and grateful a jury had spared their lives, Dr. R. Bernard Finch so consoled Carole Tregoff Wednesday after a third murder trial jury decreed life imprisonment for the once wealthy surgeon and his red-haired mistress.

Finch and Carole—convicted of murdering the playboy doctor's socialite wife — broke into sobs when the 10 men and 2 women

of the jury decided after a dozen suspenseful hours to send the lovers to prison and not to the gas chamber.

Carole, 24 no longer the tawny beauty she was two years ago as Finch's pampered mistress, cried at the verdict: "No, no, I'll be an old woman when I get out."

### "THANK GOD"

Finch, 43, dropped his head on his folded arms and cried until the counsel table in the packed courtroom was wet with tears. Then he said to his attorney: "Thank God, thank God."

Thus after three trials, a year and a half of suspense and an estimated \$750,000 of taxpayers' money, did one of the most publicized murder cases of recent years come to a dramatic conclusion.

Under California law, Finch and his now plumpish paramour will be eligible for parole, depending on their prison record, in seven years—1968.

The case was front page news from the chilly morning of July 19, 1959, when the body of Barbara Jean Finch, 36—a bullet in the back—was discovered on the lawn next to the Finch estate in suburban West Covina.

In the three trials—the first two ended in jury deadlocks—Finch testified that he went to see his wife to plead for a divorce, not to kill her. He said she pulled a gun, they struggled — and the weapon accidentally went off.

Her dying words—according to Finch: "I'm sorry, darling, please take care of the kids."

The death weapon has never been found.

Their attorneys automatically made a motion for a new trial, but Attorney Keith admitted he has little hope the motion will be granted.

Judge David Coleman set April 17 for a hearing on the motion. Finch and Carole may be sentenced at that date, too.

## DEATHS

By THE ASSOCIATED PRESS  
NEW YORK (AP)—Dr. George F. Myers, 96, inventor, patent attorney and officially credited as the first person to attempt a helicopter flight in America (in 1904), died Tuesday.

NEW YORK (AP)—Thomas A. Scott, 83, former president and board chairman of Merritt Chapman Scott Corp., died Wednesday of heart failure.

AMES, Iowa (AP) — Christian Petersen, 76, well-known sculptor and a member of the Iowa State University faculty since 1937, died Tuesday.

NEW YORK (AP) — Frank Brooks Bielaski, 71, former director of investigations for the wartime Office of Strategic Services, died Tuesday.

SAN FRANCISCO (AP) — John Clarence Walker, 61, an Associated Press teletype operator recently hospitalized with arthritis, leaped to his death Tuesday from the Golden Gate Bridge. Walker, who had been with the AP since 1923, was born in Huntington, W. Va.

SAN DIEGO, Calif. (AP)—"The five-month honeymoon is over," says Richard M. Nixon.

The former vice president told a news conference Tuesday he will begin public appraisal of the Kennedy administration next month, starting with a May 5 speech in Chicago.

# OTIS B. MORSE OF YORK NAMED AS CHAIRMAN

By BILL GIBSON  
HARRISBURG (AP)—A young man who gained his political experience serving at the right hand of two Democratic governors is the first full-time Democratic state chairman.

Otis B. Morse IV, 40, York, who was an actor and a radio newsman before former Gov. George M. Leader persuaded him to work in the governor's office, Wednesday was elected chairman by the 13-member State Committee.

Morse, who had the backing of most of the party's leaders, had only token opposition.

## 3 FOR FURMAN

Charles C. Eichenlaub, state committeeman from Clinton County, nominated former Lt. Gov. Roy E. Furman of Harrisburg, but the nomination received only three votes.

Morse resigned his \$15,000-a-year job as Gov. Lawrence's appointments secretary to take the party post. A salary has not been determined by party officers but it is expected to be about \$20,000.

Morse, who has never been a candidate for an elective office, succeeds John S. Rice, Gettysburg, who has been appointed U. S. ambassador to the Netherlands.

"DEVOTED PUBLIC OFFICIAL"  
Rice submitted his resignation as state chairman at the beginning of the meeting.

Lawrence described Morse as a devoted public official and said, "He has the equipment, the ability and the enthusiasm to do a great job for us."

"I don't know when I have felt more confident in the future of the Democratic Party than I do this afternoon because he's going to put full time on the job," the governor added.

He called on the committeemen to patch up local squabbles and help the party present a united front.

## "GET TO WORK"

Morse asked the party leaders to "roll up your sleeves this afternoon and go right to work."

He predicted that the Democrats would get a larger registration edge and elect another Democratic governor next year.

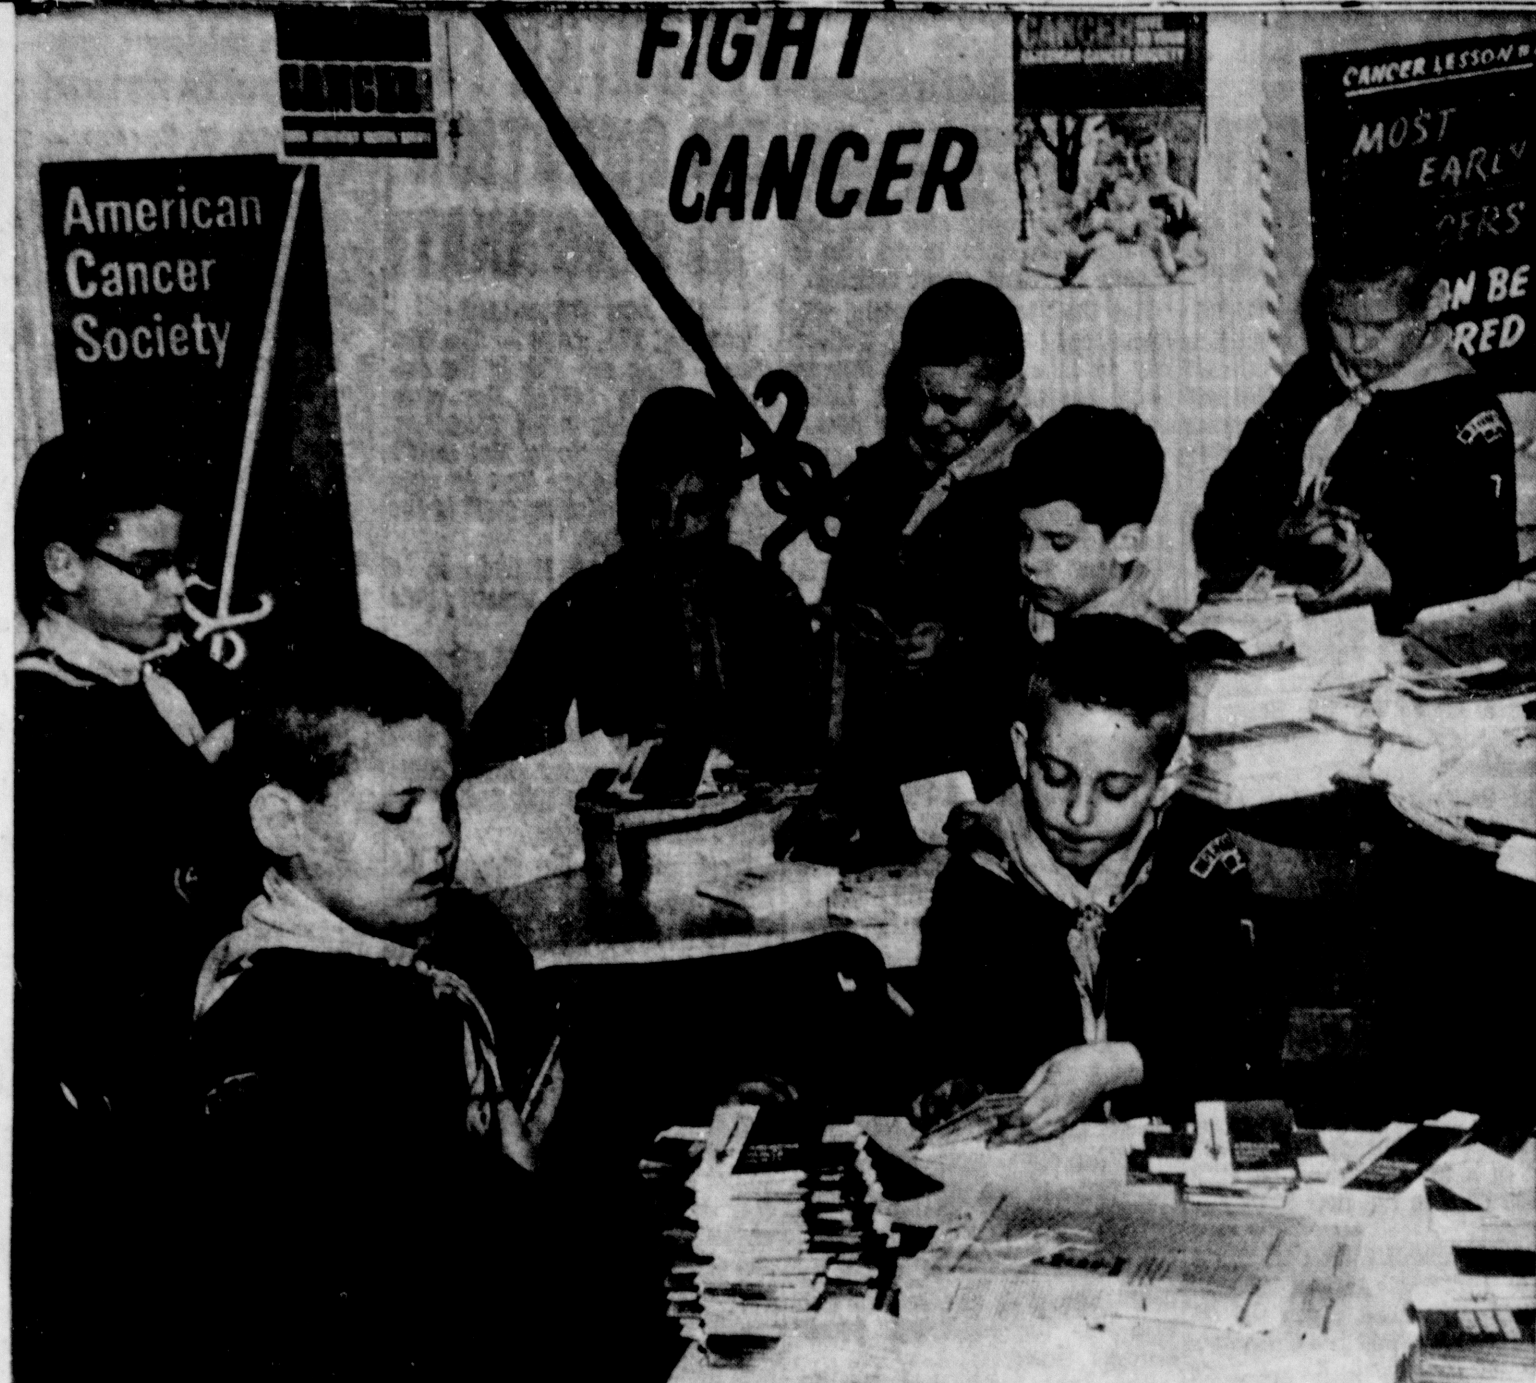

Registration chairman Frank Hupp of Allegheny County reported that Democrats have gained a total of 130,977 registrations compared with 40,962 new registrations for Republicans.

## MICKLE RESIGNS

The committee also accepted the resignation of J. Warren Mickle, Harrisburg, as its treasurer.

Mickle, a member of the State Securities Commission, resigned because of illness.

Andrew M. Bradley, state prop-

Cub Scouts of Den Two, Pack 73, of which Mrs. Sterling Musselman is den mother, are shown preparing kits for workers which will be distributed this evening at 6:30 o'clock at the "kick off" dinner in the Methodist Church for chairmen and workers of the annual Cancer Crusade to be conducted by the Adams County unit of the American Cancer Society. The youngsters are, left to right: Gary Hill, Richard Keefer, Stanley Deitz, Allen Kershner, Warren Apper, Curtis Musselman and Timothy Bollinger. N. T. Washburn and Mrs. Guyon Buehler, county co-chairmen for the Cancer Crusade, today also announced additional chairmen for the campaign which begins Monday. They are Mr. and Mrs. William G. Shoemaker II, industrial and club; Mrs. George Wildasin, Abbottstown; Wilmer Grass, Berwick Twp.; J. Leslie Bowling, Freedom Twp.; Mrs. Vernard F. Group, Tyrone Twp.; Mrs. Theo Stough and Mrs. John T. Stuller, co-chairmen for Oxford Twp.; Oliver Seguin and George E. Helwig, co-chairmen for Mt. Joy Twp.; Mrs. Kent Daum and Mrs. Robert Reinman, chairmen of the cancer committee of the Junior Women's Club, Littlestown, which will conduct the drive there; Mrs. Charles Gentler, coordinating chairman for East Berlin; Mrs. Robert Burkee and Mrs. Richard Lawrence, co-chairmen for McSherrystown. Additional subdistrict chairmen announced include Mrs. Frederick Wentz and Mrs. Harold Wentz for areas in Gettysburg and Mrs. Martin Yarnall, Twin Oaks, chairman in Straban Twp.

## TWO ENDORSED BY DEMOCRATS

HARRISBURG (AP)—James W. Greenlee, Philadelphia, and Thomas N. Walsh, Fox Chapel, Allegheny County, will be the Democratic candidates for two vacancies in the state legislature.

The two men, endorsed by their local party leaders, were approved Wednesday by the Democratic State Executive Committee.

Walsh, 38, was endorsed as candidate for the 17th District vacancy created by the death of House Republican Leader Willard F. Ag-

erty and supplies secretary who has been assistant treasurer, was elected to fill Mickle's unexpired term.

Andrew M. Bradley, state prop-

new Jr., Aspinwall. Walsh presently is an assistant district attorney for Allegheny County.

Greenlee, 28, will seek the unexpired term of the late Rep. Francis X. Muldowney, D-Philadelphia, Greenlee, a city Demo-

cratic committeeman, is in his final year as a student in Temple University's School of Law.

# 'DANGER MAN' USUAL DRAMA OF TV TRIFLE

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Pat McGoonan is a new name, a new face in American television. But "Danger Man," the series in which he stars, seems as familiar and well-worn as last winter's hat.

The first episode of the CBS program which started Wednesday night was a carbon copy of all those foreign intrigue tales of a 1,001 TV nights before it.

The hero, John Drake—played by the dashing McGoonan—is an international cloak-and-dagger operative. There is the usual meet-

ing in a Paris sidewalk cafe, with exchange of secret passwords, when he receives his assignment.

Hans Vogler, chief executioner of an unnamed enemy, has killed old Prof. Barloff.

## USUAL CHASE

Get Vogler.

Drake does, of course, after the usual chase through the woods. The chase was a little more complicated than usual because Drake was pursued while uncomfortably handcuffed to a pretty girl. But it all ends neatly with the usual fight scene during which a gun goes off. Vogler gets his — accidentally, of course.

Unfortunately, "Danger Man" seems just another cliché-filled little TV trifle.

Dinah Shore will definitely be back on TV next season. NBC has finally decided to alternate Dinah's variety hour with the Telephone Hour on Friday nights, 9:30-10:30. The Shirley Temple

Show has already gone into reruns, although there's one new show scheduled to be shown May 14 called "Rebel Gun."

Recommended tonight: "Silents Please," ABC, 10:30-11 Eastern Standard Time — condensed version of "The Hunchback of Notre Dame," starring Lon Chaney.

LISBON, Portugal (AP) — Twelve soldiers were killed and seven wounded Tuesday in a battle with natives in Porgual's West African colony of Angola, the news agency Lusitania said today.

Portugal's soldiers have been mopping up native bands in Angola since an outbreak of anti-white violence last month.

The most skilled rugmakers in Iran are women and children. Their agile fingers can tie 3,000 knots of wool or silk a day.

## Lawrence Asks Both Parties To Pass His Revenue Proposal

HARRISBURG (AP)—Gov. Lawrence is trying to get legislative action on an \$8 million revenue-raising proposal which has been stalled in the Senate for almost two months.

The governor called legislative leaders of both parties to his office Wednesday and discussed the bill which would eliminate the commission paid to retailers for collecting the 4 per cent sales tax and use tax.

The proposal is the only remaining unpassed bill of Lawrence's \$180 million revenue package. The other bills were approved in February.

"We are at a crossroads," the governor told the legislative leaders. "Each day that we delay in the solution to this problem, we are postponing the decision that, inevitably, must be made."

He said that if the Senate Republicans continue to refuse votes to help in passing the measure, they should introduce a substitute bill.

### MAY MAKE CUT

The governor said that if the measure or a substitute were not passed, he would be forced to cut \$8 million from the proposed appropriations in order to have a balanced budget.

After the meeting, Republicans reported they still were not ready to provide votes for the proposal.

The legislature rocked with reaction Wednesday after the three-man Harness Racing Commission in a split decision, issued a license for a pari-mutuel harness track to millionaire James P. Clark, finance chairman of the Philadelphia Democratic Committee.

"This morning's action to the racing commission is a shameful attempt at a money grab by a bunch of politicians," said Sen. Robert Fleming, R-Allegheny, who introduced a bill to repeal the 1959 Harness Racing Act.

### PREDICT SCANDALS

"Politics controls harness racing in Pennsylvania," contended Rep. Maurice Goldstein, R-Allegheny. He predicted there would be scandals unless politicians get out of harness racing.

Democrats contended there was nothing wrong with the action. Other legislative developments:

**Radar**—The House Motor Vehicle Committee postponed action on a Senate-passed bill to legalize radar. Chairman William Linper, D-Philadelphia, explained that his committee wants to wait until after a radar demonstration, scheduled for next Monday, before it acts on the proposal.

### LEADER UPSET

House Democratic Leader Stephen McCann, who had scheduled committee approval today, was visibly upset at the committee's failure to approve the measure and send it to the full House.

**Fair Educational Opportunities**—Ignoring Republican objections, House Democrats forced a vote on a bill proposing to ban discrimination in any institution of higher education, except those operated by religious groups. The measure fell three votes short of passage, 103-84.

Republicans withheld votes for the measure when Democrats refused a request of their assistant floor leader, Rep. Edwin W. Tompkins, to delay the final vote until next week to give him time

to study his amendments which would limit the proposal to state-aided institutions.

The amendments later were defeated but Republicans seemed more concerned over alleged parliamentary discourtesy. The proposal is expected to be considered next week.

### KILL JUNIOR LICENSE BILL

**Highway Safety**—Senate Democrats were caught off guard when one of their own members, Sen. William V. Mullin, Philadelphia, introduced amendments that would kill the effectiveness of the proposed junior license bill.

The amendments, which were adopted without dissent, would knock out the requirement that drivers between 16 and 18 years of age be accompanied by an adult when driving after midnight.

Later, Senate Democratic leader Charles R. Weiner said the bill would be restored to its original form next week.

The Senate passed and sent to the House a measure which would give the state highways secretary greater latitude in fixing speed limits.

### LET P. O. CONTRACTS

WASHINGTON (AP)—The Post Office department announced Tuesday that a contract for construction of a new post office at Willow Grove, Pa., had been awarded to the Me-Jer Corp. of Bryn Mawr, Pa.

The post office will be on the southeast corner of Easton road and Lincoln avenue.

**TOKYO (AP)**—Heavy rains set off two separate snowslides on the northern island of Hokkaido today, killing 23 workers building an electric power dam, and injuring 11. Another 11 men were missing.

One avalanche buried workers' barracks at the dam site. The other occurred at a work site nearby.

## PAIR RELEASED AFTER TWO-DAY CUBAN ARREST

MIAMI, Fla. (AP)—Two Americans, abruptly arrested 12 days ago by Cuban police, were released Tuesday night in just as summary fashion and reached Miami still puzzled by their detention.

Linden Blue, 24, of Denver, Colo., and Don Swenson, 36, of Fremont, Mich., told the Miami Herald they were taken to Havana airport by armed guards and were "forcibly" put on a Miami-bound plane.

"They didn't have to force me," Swenson said.

### DOGGED BY JETS

The pair's airplane, bound for Nicaragua, was flagged down while near Havana. The two Americans were told they had illegally flown over oil refineries. Blue, the pilot, said he had followed instructions from Havana air control, which told him he was 70 miles away that he had clearance.

"But 10 minutes from Havana I was told I would have to hold a position over the Havana beacon," Blue said. "I asked permission to go around Havana—but it was denied. Right then we saw a jet and were told to land at the main Havana airport. The jet dogged us all the way in."

## Claims Victory In Allegheny Corp.

NEW YORK (AP)—Management claimed victory today in the struggle for control of Allegheny Corp., a holding company overseeing assets of more than \$6 billion.

The claim was made by Charles T. Ireland Jr., president.

"In the space of a little over 12 hours, the Kirby interests have added to their holdings approximately one million shares and we're not stopping there," Ireland said at a hastily called news conference.

"You're claiming victory?" he was asked.

"I certainly am," was the reply.

## Want Street Name Changed By Council

TUCSON, Ariz. (AP)—Residents of Circle Drive have pleaded with the City Council to change the name of their street.

There also is an East Circle Drive and a West Circle Drive and this brought the following headlines:

Somebody on West Circle ordered groceries. They were delivered to a Circle family. It took a long argument with the store owner before the order was cancelled.

A resident of East Circle forgot to pay his water bill. The city shut off the water at a home on Circle.

Someone on East Circle ordered his paper stopped. A Circle home owner went a week without the news.

## Choose Queen Maple For Annual Event

JOHNSTOWN, Pa. (AP)—Rebecca Rininger, 17-year-old honey

blonde beauty of Somerset, is Queen Maple of the 14th annual Somerset County Maple festival.

The petite, gray-eyed Somerset Area High School student burst into tears Wednesday night after

being selected by a panel of five judges.

She exclaimed, "I can't believe it, I never expected to win."

The daughter of Mr. and Mrs. Donald C. Rininger, Rebecca will

reign at the festival Oct. 13-15. She will be officially crowned on the opening day.

SOCIOLOGIST  
SPEAKER FOR  
ROTARY CLUB

Dr. James P. Earp, head of the sociology department at Western Maryland College, Westminster, was guest speaker at the weekly dinner meeting of the local Rotary Club on Tuesday evening at Schottie's Hotel. In keeping with the student loan theme, Dr. Earp imparted information on the student loan program and used as his subject "What Is Going On in College." L. Robert Snyder, chairman of the student loan committee, presided. A solo was sung by James Rohrbaugh. Harry C. Shriver, Massena, N. Y., was introduced as a visiting Rotarian. Albert Snyder was a guest of his father, Paul R. Snyder.

The program committee, composed of Frank E. Basehoar, chairman, Clyde W. Crouse, Francis I. Gerrick, Roy Koonitz, George W. Streig and P. Emory Weaver will be in charge of the program for the meeting next Tuesday at 6:15 p.m. at Schottie's.

## GOING TO BANQUET

Members of Sylvania Lodge No. 613, Independent Order of Odd Fellows, and their ladies will attend the banquet and program marking the 300th meeting of the Adams County Past Grands Association to be held on Saturday at 6:30 p.m. in Grace Church parish hall, Two Taverns.

A/C Kenneth Reed, Langley Air Force Base, Va., spent the weekend at the home of his parents, Mr. and Mrs. Raymond Reed, near town.

Albert Snyder, a Senior at George Washington University, Washington, D. C., is spending several days at the home of his parents, Mr. and Mrs. Paul R. Snyder, Prince St.

## YOUTH GROUP MEETS

Wayne Shoemaker, president, presided for the meeting of the Youth Fellowship of St. James' United Church of Christ, along the Harney Rd., on Tuesday evening at the church. The group decided to have secret pals, to appoint sunshine and recreation committees. Diane Yealy, secretary, and Sidney Ferris, treasurer, gave their reports. Diane Yealy read a story and a discussion period with the members participating, followed. There was the topic presentation with Dolores Shoemaker, Betty Ferris and Carolyn Wagman reading excerpts on the physical, mental and emotional aspects of life. The meeting concluded with the group forming the friendship circle and prayer was offered by the pastor, the Rev. John C. Chalos. The group will meet again on Tuesday, April 18, 8 p.m.

Easter holiday visitors from out of town with Mr. and Mrs. Paul E. Altoff and family, and her mother, Mrs. Thomas O. Weaver, E. Myrtle St., were: Airman Thomas D. Weaver, March Air Force Base, Calif.; Mr. and Mrs. Dale E. Weaver and children, Ronald, Michael, Joseph, Dale Jr., Diane and Richard, Westminster; Mr. and Mrs. Bernard Arnold, Taneytown; Mrs. G. Penn Fruit Co.  
Buys 11 Stores

PHILADELPHIA (AP) — Penn Fruit Co., which operates 80 supermarkets in five eastern states, today announced acquisition of the 11-store Kiddie City chain.

Samuel Cooke, Penn Fruit chairman, said Kiddie City now does an annual business of over \$6 million, which should be augmented by the opening of new units.

Kiddie City is a self-service discount operation specializing in merchandise for children. It has nine stores in the Philadelphia area and two in Wilmington, Del.

Penn Fruit operates in Pennsylvania, New York, New Jersey, Delaware and Maryland. Its new acquisition is its first outside of the food marketing field.

## Orrtanna

MRS. LUTHER WETZEL  
ORRTANNA — Mr. and Mrs. Earl Singley have returned from a 2,200-mile auto trip to the West. In Rockford, Ill., they visited their son and daughter-in-law, Mr. and Mrs. James E. Singley, and Henry Nottelman, father of Mrs. Singley.

In Oregon, Ill., they spent sometime with their son-in-law and daughter, Mr. and Mrs. John Berger, and family. In New Milford, Ill., they were guests of Mrs. Singley's brother-in-law and sister, Mr. and Mrs. Harry Albert, and visited in Egerton, Wis., with Mrs. Singley's nephew and niece, Mr. and Mrs. William McIntire. They were gone three weeks.

Potential Programs  
Are Being Sought

WASHINGTON (AP) — All bureaus and offices of the secretary of the interior have been directed to develop potential programs which could help put into operation legislation to assist depressed areas.

Secretary Stewart Udall told his staff he expects full cooperation by the department in implementation of the legislation if it is signed into law by President Kennedy. The legislation has been passed in differing forms by the House and Senate and efforts are being made to compromise the differences.

Band Leader Is  
Held For Murder

BAKERSFIELD, Calif. (AP) — Onetime hillbilly musician Spade Cooley stared blankly in court as he was ordered to stand trial for the murder of the former singer he married 15 years ago.

The erstwhile "king of western swing" failed to acknowledge an introduction to his lawyer Wednesday — and seemed not to know his son by a previous marriage, John Cooley, 28.

Ella Mae Cooley, 37, who once sang with Cooley's band, was beaten to death during a violent quarrel Monday. Cooley was arrested after taking his wife to the hospital that night.

District Attorney Kip Nelson said he may take the case to the grand jury for a direct murder indictment. Preliminary hearing was set for April 26.

SAYS SAC BEST  
STRIKING UNIT

WASHINGTON (AP) — Chairman Richard B. Russell of the Senate Armed Services Committee says the U.S. Strategic Air Command is still "the most destructive striking force now in operation."

Russell, a Georgia Democrat, made the comment Wednesday after his committee held a top-secret briefing on Soviet military might.

Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, and defense intelligence leaders presented what Russell called "a highly classified briefing on our strength and their best estimates of any potential enemy strength."

The briefings continue today with Secretary of the Army Elvis J. Stahr Jr., and Gen. George H. Decker, Army chief of staff, scheduled to outline details of army procurement under military budget revisions by President Kennedy.

Russell made no mention of the "missile gap" controversy which was an issue of the last political campaign.

EAST BERLIN — Altar flowers in Trinity Lutheran Church Easter Sunday were presented for the 26th wedding anniversary of Mr. and Mrs. Charles Burgard by their children and grandson.

The church will observe its 150th anniversary April 30 through May 7.

The men of Trinity Lutheran Church have completed painting the main Sunday School room. Paul Wolf was chairman of the group. Six religious pictures by Warner Sallman were recently hung in the room.

Altar flowers at Paradise Church were presented in memory of Lester and Daniel Gruver by Mr. and Mrs. Jonas Gruver. The senior choir will rehearse this evening at 8 o'clock at the church. The AEC will meet Sunday at 7:30 p.m. at the church.

The 8 a.m. Easter breakfast at Zwilling United Church of Christ was well attended. Holy Communion was administered at 7:30 o'clock Easter evening. The Consistory met Monday evening. Rev. William H. Anderman Jr., pastor of the East Berlin United Church of Christ, addressed the York Lions Club Tuesday at 12:10 p.m. in the Hotel Yorktowne.

The Rev. Anderman, blind since 1953, represented the main project of Lions, sight conservation and work for the blind.

In 1951, after graduating from Lancaster Theological Seminary, he became the first student assistant in the East Berlin charge. He was asked to serve the charge in May, 1959. He has also served Utica and Tremont charges in Maryland.

## Arendtsville Fruit Research Lab Doing Experiments With Dwarf Apple Trees

Compact cars have made their impact on the auto market and compact homes, compact meals and compact radios are trends of the day.

Compact orchards may come next on the list and, if they do, the scientists at the Arendtsville Fruit Research Laboratory are going to have some answers ready for the fruitmen about the growth and propagation of semi-dwarf fruit trees.

Dr. Frank N. Hewetson, staff pomologist at the Penn State research station at Arendtsville, has a five-acre test plot of semi-dwarf or size control trees, as he prefers to call them—which he planted in 1959 and which will come into bearing this year.

### EXTENSIVE RESEARCH

Dr. Hewetson, who has done a great deal of work on root stocks for size-control trees that dates back as far as 1932, resumed his investigations two years ago when grower interest seemed to be mounting in the possibility of using dwarf, or semi-dwarf apple trees because of their potential for more yield per acre and ease in pruning and spraying.

Now the agricultural experiment stations at Penn State University and at Arendtsville are conducting extensive research in this field.

Orchardists are interested in the smaller sized trees since they bear fruit at an earlier age and require less labor in pruning and harvesting and are easier to spray. Because of their smaller size, more trees can be planted to the acre than the standard size trees.

### CLOSER PLANTINGS

Dr. Hewetson pointed out that in most apple orchards, standard trees are planted 40 feet from each other in rows that are also 40 feet apart. The test plantings of the semi-dwarf trees are 15 and 20 feet between trees and 30 feet between rows. The close planting in "hedgerows" makes more economical the use of modern spray machinery that does not stop between trees but sends out a continuous cloud of spray droplets.

The semi-dwarf trees used in Dr. Hewetson's five-acre test plot of the experiment station's 70-acre experimental farm at the northwest edge of Biglerville, were given to the Arendtsville Laboratory by the New York State Agricultural Experiment Station which will be interested in the results of the testing here.

Five varieties, popular in this area, are in the test block. They are Golden and Red Delicious, Rome Beauty, Stayman and York Imperials, Dr. Hewetson reported. They are on two classes of semi-

Dr. Frank N. Hewetson, pomologist on the staff of the Pennsylvania State University fruit research laboratory at Arendtsville, was photographed by a Gettysburg Times reporter as he inspected a dwarf apple tree in an experimental block on the lab's test orchard near Biglerville. The tree, planted two years ago, will bear fruit this season and at maturity will be about the size of a large peach tree.

dwarf rootstock—East Malling II and East Malling VII. The former will produce a tree about three-quarters the size of a standard apple tree and the latter will reach about half of normal size. Each of the five varieties is also being grown on seedling or standard rootstocks to serve as a check or comparison to regular commercial orchards.

### MANY ADVANTAGES

The E. M. II and the E. M. VII rootstocks are the two most promising among the first 16 classified by the East Malling Research Station in England nearly 50 years ago," Dr. Hewetson said. "They range upward from E. M. 9 which produces a very small or garden type of tree and we may try some of those very small types in later experimental work."

Some of the semi-dwarfs had blossoms last year but they were pinched off. This year some will bear fruit and by the time they are five or six years old they are expected to be in full production. Normal apple trees take 10 to 12

years to approach their full yield. With at least double the tree population per acre, Dr. Hewetson expects the two types of semi-dwarf trees he is testing now will produce 500 or more bushels of apples per acre, depending on variety, soil and location—and the picking will be easier and cheaper, as will be the annual tasks of pruning and spraying.

A check of county orchards showed that the C. H. Musselman Company already has planted some of the semi-dwarf trees and is planting more. Three years ago they planted 200 of the semi-dwarfs and got a few apples off them last fall. In 1959, they planted 2,100 Red Yorks and 250 Golden Delicious and last fall they put in 950 more Yorks and 270 Golden Delicious trees. Fox Hill Farm is being devoted to the semi-dwarfs.

Richard Trostle, Biglerville R. 1; William M. Lott, Gardners R. D., and George Schriver, Bendersville, are others who are trying the semi-dwarfs in the county.

Some scientists claim for the semi-dwarf trees fruit of better quality, color and taste but Dr. Hewetson won't go that far and expressed the opinion that more studies need to be made on those subjects. He pointed out that the success of a given variety of rootstock for semi-dwarf trees cannot be evaluated fully until 10 or 15 years after planting.

"A great deal of work has been done for many years, especially

in England and other European countries, on dwarf fruit trees but it is only as a result of mounting orchard operating costs that apple growers are turning to the dwarf trees as a possible means of boosting yield while being able to reduce some production costs. The early maturing feature is attractive, too," Dr. Hewetson said.

### NEED MORE FACTS

"In my tests on the five-acre plot at Biglerville, I am trying to get some answers to questions about how the semi-dwarf trees will respond to various types of soil management practices, to various types of pruning and their response to various types and rates of fertilizers. There is much more to it than just testing for yield."

"One reason we have a fruit research laboratory at Arendtsville is so that fruit trees may be tested in the same soils and climate conditions as our commercial orchards and that's why we wanted to make these tests on the semi-dwarf trees right here. Growers are thus able to come to our test plots and see for themselves what we are doing."

"The more commercial orchards that are planted in semi-dwarf trees, the more questions we can expect from growers about their care and management. We hope to get some of those answers here."

The Arendtsville scientists noted that Dr. C. S. Bittner, a pomology extension specialist at the Pennsylvania State University, has estimated that there are several hundred acres of semi-dwarf apple trees in Pennsylvania that are less than 10 years old and there is a rapidly increasing interest in planting more of them.

A check of county orchards showed that the C. H. Musselman Company already has planted some of the semi-dwarf trees and is planting more. Three years ago they planted 200 of the semi-dwarfs and got a few apples off them last fall. ## SENTENCED TO LIFE IN WIFE'S STRANGLING

PITTSBURGH (AP) — A Little Rock, Ark., man, who admitted strangling his wife after she told him she was spending time with another man, has been sentenced to life in prison for first degree murder.

Robert P. Uhlmann, 37, was sentenced Wednesday in Allegheny County Court after two judges had listened to testimony for three days to determine the degree of guilt.

The furniture salesman was accused of flying from Little Rock to Pittsburgh last Aug. 21 and strangling his wife, Gloria Mae, 37, in her suburban Baldwin Twp. home.

### ARRESTED LATER

Authorities arrested him in Little Rock about 12 hours later

after he had flown back.

Uhlmann testified he came to Pittsburgh to urge his wife to return to Little Rock with him and to check reports Gloria Mae was having an affair with another man.

An argument developed, Uhlmann testified, and quoted his wife as saying:

"If you really want to know, there is someone else."

Uhlmann testified: "I flew into a rage. I was never so mad in my life. I saw a white flash."

He said he didn't remember strangling his wife.

### PLEADED GUILTY

Earlier, Uhlmann pleaded guilty to a general charge of murder.

Defense Attorney Ruggero Alisert argued "this is voluntary manslaughter or, at the worst, second degree murder." He did not indicate whether he would appeal the verdict.

The prosecution had asked for a first degree murder verdict, claiming it was a definite case of premeditated murder.

# Says Early Treatment May Save Half Of People Who Are Stricken With Cancer

Editor's Note — Because of fear, ignorance and delay 85,000 Americans who could have been saved die of cancer each year. In this last of a series, Arthur Godfrey — honorary education chairman of the American Cancer Society's current crusade — tells how he reacted to the dreaded diagnosis and recommends a course of action for everyone.

By ARTHUR GODFREY

Written for The Associated Press

Like most people, I'd always thought of cancer as a disease that happens to the "other fellow" until two years ago, when it happened to me.

How did I react?

With disbelief, horror, haste.

In that order.

The doctor advised surgery. He said: "The sooner, the better."

There are no two ways about cancer. Either you destroy it or it destroys you. So I didn't delay.

Unfortunately some people are not informed or are so paralyzed by fear that they permit the cancer to destroy them. They have a horror of cancer that makes them avoid the family doctor until it's too late for cure—or which even sends them on a wretched journey to quacks, charlatans and purveyors of fake remedies and home cures that can't possibly help them.

COULD SAVE ONE-HALF

One-third of all cancer patients are now being saved. One-half could be saved by earlier detection and prompt, proper treatment.

Without a single research advance, without any new developments in diagnostic and treatment methods, the doctors could, actually, save 85,000 more cancer patients a year than the 170,000 they are now saving.

The American Cancer Society tells me that those 85,000 people have the kinds of cancer that can be cured by prompt, proper treatment. Their lives depend on knowing what to do—and doing it without delay.

Improved communications could save them.

Now this is an area I know something about, after 32 years in radio and TV.

What is required is an all-out effort through all the media against the fear, ignorance and superstition which each year kill 85,000 people needlessly—men and women whom medical knowledge can—should—and must save.

OVERCOME BARRIERS

There are barriers to overcome. One of them is a belief in black magic and mumbo jumbo that is not confined to the underdeveloped areas. It exists right here, in the U.S.A.; not in the back hills and remote areas alone, but often in our big cities, and, surprisingly enough, even among some otherwise educated and intelligent people. Some of these men and women believe that certain foods or living habits can afford protection against cancer.

Now a certain amount of fear is healthy and necessary for self-preservation. That's the kind of fear which leads a man or woman to heed a cancer warning signal and brings him or her to the doctor's office without delay. But there's another kind of morbid, neurotic fear which leads to self-

destruction. It keeps people who are worried about possible cancer symptoms away from the doctor's office.

These morbid fears wear many masks.

INDIFFERENCE TO CANCER

There's the rationalized indifference to cancer—an indifference based on terror. Some people simply refuse to have an annual health checkup or to learn the simple facts about cancer that can save their lives. That's the ostrich type, who prefers burying his head in the sand to looking facts in the eye.

There's the hale, hearty type who passes up the annual checkup because he or she "never felt better." And if symptoms should develop, this brave individual sits it out, week after week, month after month, heroically ignoring the warning signals until it's just too late for cure.

The facts are that an annual health checkup saves money and anxiety in the long run. Early detection can save your life as well as your savings. A clean bill of health, which is what the vast majority of people get from their doctors, brings peace of mind and an end to nagging fears.

COULD SAVE ONE-HALF

One-third of all cancer patients are now being saved. One-half could be saved by earlier detection and prompt, proper treatment.

Convincing people of these facts isn't easy. People tend to cling to ingrained thought habits.

That's where the mass media comes in. They can help save lives. They can take this message into every American home. They can help wipe out the barriers of misinformation and let the new, optimistic knowledge about cancer grip the minds and hearts of Mr. and Mrs. America.

Much has been done. But so long as 85,000 people a year die needlessly of cancer, much more remains to be done.

## Biddle Leaves For Spain April 24

WASHINGTON (AP)—The state Department says Anthony J. Biddle, sworn in Tuesday as ambassador to Spain, will leave for Madrid April 24.

Biddle, former adjutant general of Pennsylvania, took the oath of office from his nephew, Angier Biddle Duke, chief of protocol in the State Department.

President Kennedy witnessed the ceremony and afterwards congratulated Biddle.

Biddle, a native of Philadelphia, served with the army in both world wars, and was ambassador to Norway and Poland under President Franklin D. Roosevelt.

He became adjutant general for Pennsylvania with the rank of major general in 1953.

Wagons could take one of two routes on the Santa Fe Trail past Fort Dodge. The longer and more difficult climbed into Colorado's mountains. The shorter and more dangerous struck out across waterless desert.

## SAYS U. S. WILL HELP FINANCE SENEGAL PLAN

DAKAR, Senegal (AP) — Vice President Lyndon B. Johnson assured Premier Mamadou Dia Wednesday the United States will help finance Senegal's four-year economic plan.

Smiling broadly after their meeting, Johnson and Dia told newsmen a technical assistance agreement between Senegal and the United States will be signed soon.

Dia stressed that the U.S. financial help primarily will be loans and not grants.

Dia outlined the Senegal program to the National Assembly Tuesday. The text of the speech was in Johnson's pocket as he left today for Geneva.

**FINAL MEETING**  
The cordial final meeting capped a successful trip for Johnson who came here as President Kennedy's representative to celebrations marking Senegal's first Independence Day.

Johnson's reception so far overshadowed that of Soviet Deputy Foreign Minister Jacob Malik that a Paris correspondent cabled his newspaper "Johnson an easy winner in the charm battle."

As Johnson walked out of the government building after meeting Dia, government employees in the corridors applauded him.

No specific amount of financial assistance was mentioned by Johnson or Dia. The total cost of the four-year plan is about 8 billion, France is expected to furnish its former colony a major part of the amount.

## Countdown Soon For 3 Astronauts

WASHINGTON (AP)—The long-range countdown may be quickening for the three Mercury astronauts who are first in line for space travel.

In about two weeks they will undergo tests in a giant centrifuge, a whirling device which will expose them to the same acceleration forces one of them will endure when he is rocketed into space.

The National Aeronautics and Space Administration said Tuesday the tests will be given at the Navy installation at Johnsville, Pa.

NASA declined to say when a manned flight will be attempted. It is expected to take place early in May.

## GREYHOUND TO BUY 100 BUSES

CLARKSBURG, W.Va. (AP) — Eastern Greyhound will spend about \$7 million this year for new buses and the refurbishing of others, R. F. Shaffer of Cleveland says.

Shaffer, the company's executive vice president told a safety banquet Tuesday night that 100 new buses will be purchased this year at a cost of \$46,000 each. Plans call for the refurbishing of 962 others, including 300 semi-trailers.

He said the company also will spend about \$1.25 million for station improvements, including new terminals in Norfolk, Va., and Rochester, N. Y. The Washington D.C. terminal will be remodeled at a cost of \$125,000.

Shaffer addressed a banquet in

## CUBA COOLED OVER CHARGES AGAINST U. S.

UNITED NATIONS, N.Y. (AP) — Cuba today appeared reluctant to bring before the United Nations her perennial charge that the United States is planning aggression against Fidel Castro's regime.

The assembly's political committee is marking time during a lull in its aid-to-Africa debate and the Cuban complaint is next on the agenda. But the Cuban delegation made no move to air the issue.

Informed sources said Cuba's enthusiasm for a debate cooled after the Soviet Union hinted it was not anxious to get embroiled in such a wrangle at this time. **KEEP AGENDA CLEAN**

Since the assembly cleanup session began March 7, both the Soviet Union and the Western powers have been urging their colleagues to keep the agenda free of inflammatory issues and stick as closely as possible to housekeeping items.

With this in mind, the United States and the Soviet Union agreed to head off disarmament debate until fall. The assembly is also expected to give only token consideration to such cold war items as Hungary, Tibet and the Soviet charge against U.S. reconnaissance flights.

There was speculation also that the Cubans might want time to study the State Department's statement Monday calling on Castro's government to sever its links with the international Communist movement. The American statement is certain to get a thorough going over when Cuba does bring her charge before the assembly.

**REJECT PROPOSALS**

Elsewhere in the United Nations:

France flatly rejected proposals for helping pay the \$120-million bill for the 1961 U.N. Congo operation. She proposed to the budget committee an overhaul of the entire U.N. budget procedure and appointment of a bill collector who would shuttle from capital

to capital to negotiate on contributions for U.N. funds.

## To Investigate 2 State Plane Firms

WICHITA, Kan. (AP) — Two Pennsylvania plane manufacturers are among eight firms officials say will be investigated by a special grand jury probing the nation's light plane industry for possible antitrust violations.

They are the Piper Aircraft Corp. of Lock Haven and Taylorcraft Inc. of Conway.

The grand jury was empaneled in U.S. District Court Tuesday, and then disbanded until late summer or early fall.

A Department of Justice spokesman said the jury received subpoenaed records from three of the eight firms. He said five companies forwarded required records direct to the division's Chicago office.

## DEATHS

By THE ASSOCIATED PRESS

TOKYO (AP)—Dr. Mazao Tsuzuki, 68, internationally known authority on radiation diseases and head of the Tokyo Red Cross Hospital, died of lung cancer. He specialized in the treatment of survivors in the Hiroshima and Nagasaki atom blasts.

SARASOTA, Fla. (AP) — Dr. Robert T. Haslam, 73, industrialist and former professor of chemical engineering at Massachusetts Institute of Technology, died Tuesday after a long illness. He was a former general sales manager, vice president and director of Standard Oil Co. of New Jersey. He was born in North Adams, Mass.

NEW YORK (AP) — Boris A. Vilkitski, 76, a noted arctic explorer and a former Russian admiral, died March 6 in Brussels, Belgium, it was announced Tuesday. The American Society for Russian Naval History said Vilkitski had lived in exile and retirement in Brussels.

TORONTO (AP) — Lorna Haywood Burgoyne von Ritschl, 66, painter of internationally known miniatures, died Monday after a short illness. She was born in England and came to Canada in 1950.

The money situation also came up in the assembly where Canada pleaded with member states to give the U.N. Congo operation financial support. Failure to cover the Congo bill, said Canada's Wallace B. Nesbitt, "would place in jeopardy the ability of this organization to take effective action in other situations in the future."

# GE RETAINS CLIFFORD FOR LEGAL CLAIMS

WASHINGTON (AP) — Clark Clifford, former White House aide, has been retained by General Electric Co. to deal with claims arising from the company's antitrust law conviction in Philadelphia.

The Philadelphia case involved 29 leading companies which pleaded guilty or no contest to charges that they had rigged bids on heavy electrical equipment sold to public and private agencies over a number of years. Many of the defendants are now threatened with multimillion-dollar damage actions.

Clifford, who heads the Washington law firm of Clifford — Miller, was special counsel to former President Harry S. Truman and acted as President Kennedy's representative at the White House during the transition between the Dwight D. Eisenhower and Kennedy administrations.

DIFFERENT PROBLEMS  
Clifford, in confirming the retention of his firm by GE, said "a number of different types of problems have arisen for GE as

a result of the Philadelphia conviction."  
"A substantial number of utilities have potential claims, and an effort will be made to adjust those claims," Clifford said.  
"Also, a number of stockholder suits have been filed against the company. Third, the government has presented claims and I believe in one instance has filed suit."

"My employment is to counsel and advise with top company officials regarding the legal problems that will confront the company for some time to come."

The Justice Department and Tennessee Valley Authority recently filed suit in Philadelphia against GE and four other electrical suppliers for recovery of about \$12 million in connection with government contracts for purchases of circuit breakers dating back to 1951.

LONG BEACH, Calif. (AP) — Authorities say an earthquake centered 10 miles beneath Los Angeles-Long Beach harbors knocked out 26 producing oil wells and damage may total millions of dollars.

A submarine slip was blamed. No surface damage was reported.

The quake, at 1:30 p.m. Tuesday, at first was believed to have been of no consequence.

# NFO HOLDING CATTLE, HOGS OFF MARKET

DES MOINES (AP) — Three days ago members of the National Farmers Organization (NFO) started holding their cattle, hogs and sheep off the supply markets in the Midwest.

The objective: to close the gap between present prices and what NFO says is the actual cost of production on the farms. Also, to give farmers bargaining power with the processors who turn out the finished meat for the consumer's table.

NFO President Oren Lee Staley said Tuesday night at headquarters at Corning, Iowa, that the holding action will start having its big effect today. It will continue indefinitely, he said.

SEES BIG REDUCTION  
A poll of the stockyards in the Midwest indicated that the processors were not much excited about the NFO drive and that livestock receipts and prices to date had been about normal.

But Staley predicted a 25 to 40 per cent reduction in the new supply of cattle, hogs and sheep Wednesday as compared with

Wednesday of last week.  
"Our members are doing an excellent job of keeping their livestock off the market," Staley said.

## NEW FARM GROUP

NFO is a new farm organization which came into being about three years ago with a big slump in hog prices. Its original recruiting ground was Iowa and Missouri. Membership drives have been released on current membership.

Staley, who farms at Rea, Mo., has said "we think the farmers should have bargaining rights just as others who toil. If we can show the farmers that this goal is attainable we will succeed. We are not on strike against the processors or the consumers. All we want is a fair price for our products."

A fair price which NFO says has been determined by its county bargaining committees is currently \$32.45 a hundredweight for choice steers, \$22.75 a hundred for choice hogs weighing 190-210 pounds and \$29.45 a hundred on choice grade wool lambs.

## INCREASE OF \$5

Those levels are about \$5.45 above the current price for steers, \$5.45 more for hogs and \$10.45 more for sheep.

The NFO has staged test holding actions before on hogs. This is the first time it has included

# State Revenues For March Over Budget

HARRISBURG (AP) — State general fund revenues last month exceeded advance estimates by \$1,758,000, the Lawrence administration reported Tuesday.

The office of administration said, however, that total revenues for the biennium are running \$37,374,000 below estimates.

It said the biggest area where receipts are below estimates is sales and use tax collections. The sales tax revenues are running \$22,235,000 below estimates so far, the administration reported.

TAIPEI, Formosa (AP) — Two explosions set the 4,200-ton tanker Kuanglung afire today. Eight Chinese crewmen were killed and 33 injured.

The tanker Chungli exploded in the same harbor in 1949. More than 100 persons died in that blast.

A test holding action is described as one to probe the markets and await results. The NFO is in position to call off the holding action at anytime.

Most of the stockyards reported no appreciable change in livestock supplies Monday and Tuesday except for fluctuations they said were normal.

# WOMAN KILLS HER HUSBAND

POTTSTOWN, Pa. (AP) — A 40-year-old woman who was to have been admitted to a mental institution soon killed her husband Wednesday with a heavy wrench, police reported.

Mrs. Lois Mogel telephoned her brother-in-law about dawn and told him her husband, Robert, 40, a maintenance man, was dead. When the brother-in-law got to the house in nearby Limerick Township, he called the family physician who put Mrs. Mogel under sedation.

Charles G. Moody, chief of Montgomery County detectives, said Mrs. Mogel would be sent to Norristown State Hospital, while the investigation continues because "jail wouldn't be a good place for her."

He said Mrs. Mogel had been under treatment for a mental disorder for two years. She allegedly struck her husband on the head with the wrench while he slept.

The Mogels' two children, Robert, 16, and Debbie, 10, were sent to the home of the brother-in-law.

# Introduce 2 Bills To Help Hospitals

HARRISBURG (AP) — Senate Republicans have introduced three bills designed to reduce the burden of hospitals providing free care for indigent patients.

Two of the measures would implement provisions of the federal Kerr-Mills act which provides matching funds for medical care to needy elderly persons.

The third measure would increase state payments to hospitals for free care to the needy from \$10 to \$15 a day per patient.

The legislation was introduced Tuesday night after representatives of the Hospital Association of Pennsylvania appealed to the legislative Appropriations Committee for \$1.6 million to secure the federal money.

Republicans said the implementation bills would result in \$8 million federal money for a \$1 million outlay by the state.

# PAUL ARIZIN QUILTS PLAYING

PHILADELPHIA (AP) — Paul Arizin, former All-America and for nine years a star of the Philadelphia Warriors in the National Basketball Association announced that he is quitting the game for a full time business opportunity.

"I have accepted a full time job with International Business Machines," Arizin said. "It will be a sales position and I will begin schooling for the job in June."

Arizin said he informed owner Eddie Gottlieb of the Warriors two weeks ago of his decision to retire from basketball.

"Eddie asked me to think it over but I told him I had made up my mind and was sure I wouldn't change my decision. I haven't."

Arizin emphasized that he was not interested in coaching either

with the Warriors or his alma mater, Villanova University. Both basketball coaching jobs are open at the moment.

The 33-year-old jump shot artist joined the Warriors for the 1950-51 season and immediately became one of the league's scoring stars.

Could you guess what's good about a headache?

If you happen to have one right now, probably all you need is an aspirin. But the fact is: a headache sometimes is a signal. It may be telling you something is wrong... perhaps something quite remote from the pain. In this event it's a symptom—valuable information for your physician. So if you have a persistent or recurring headache and don't know why, see your doctor. Don't take a chance. Your physician can probably clear up your problem in short order. Of course, he may say all you need is aspirin—but even that's worth knowing.

## BELGIUM WILL WITHDRAW ITS FORCE IN CONGO

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) — Belgium has notified the United Nations that it is ready to comply immediately with U.N. resolutions calling for the withdrawal of Belgian military personnel from the Congo.

The news of the Belgian decision was transmitted to U.N. Secretary-General Dag Hammarskjöld in a note dated April 3 and made public Wednesday. The note said steps already had been taken to pull out some personnel.

Withdrawal of Belgian forces has been one of the main issues in the current U.N. debate on the Congo. Asian and African nations have been working on a resolution demanding that the Belgians get out within 21 days.

The note indicated that Belgium would assist the United Nations in trying to get the Congolese authorities to release Belgian civilian personnel, but it said Belgium is not in a position to order them out.

Informed quarters disclosed that U.N. negotiators already have opened discussions with Congolese President Joseph Kasavubu on the withdrawal of Belgians employed by the Leopoldville government.

BRUSSELS (AP) — Two Belgian members of the U.N. truce Commission in Palestine "have been withdrawn from service in the buffer zones between Israel and the United Arab Republic," Belgian sources said Wednesday.

The sources said the U.A.R. requested the withdrawal on the ground diplomatic relations have been broken off between the two nations.

## Abbottstown

The Abbottstown borough borrowed \$2,000 from the Abbottstown bank in 1960 and thus was able to end the year with a cash balance of \$1,711, according to the annual financial report submitted today to Clerk of Courts Kenneth Johns by Auditors Emory S. Alwine, Elmer P. Butt and Lester C. Hoover.

The cash balance at the start of 1960 was \$328. Receipts during the year totaled \$6,026 of which \$2,930 were from taxes and \$3,098 from miscellaneous sources, plus the bank loan.

Expenditures totaled \$1,481 for general government purposes of which \$259 was for councilmen's salaries; \$200 for the secretary; \$305 for insurance; \$114 for tax collections and \$43 for phones.

Protection to persons and property totaled \$2,517 of which \$2,503 was for the police chief's salary and \$14 for a speedometer inspection. Insurance listed under protection was \$624.

Highway expenses totaled \$1,367, of which \$1,030 was for street lighting, \$210 for patching streets and \$126 for cleaning streets and gutters. \$1,087 was transferred to the road fund from the general fund.

The highway aid fund, which entered the year with a balance of \$937, showed receipts at \$1,540 from state motor license grants and the \$1,087 from the general fund. Expenditures were \$997 for tools and drugs; \$2,374 for maintenance of streets and \$169 for snow removal, leaving a cash balance of \$132.

The borough received from the state and paid \$430.34 to the Firemen's Relief Fund.

The tax statement showed a real estate taxable valuation of \$275,190 and an occupation valuation of \$23,135. The tax rate was nine mills, one of the lowest in the county. There was \$2,804 collected from real estate taxes and \$128 from occupations, leaving \$156 delinquent on real estate and \$15 on occupations.

## 500 LAOTIANS BALK REBELS

VIENTIANE, Laos (AP)—About 500 loyal Laotian parachute troops dropped into the area northwest of Muong Kassy Wednesday to counter pro-Communist rebel threats north of this capital, Western sources reported.

The parachute troops, headed by Commander-in-Chief Boun Leuth, took off before dawn from the royal capital of Luang Prabang in at least 10 transport planes and 11 or more helicopters, some of the latter delivered only a week ago from Thailand by U.S.

Marines, the informants said.

The move followed reports that Communist Pathet Lao forces dropped 300 parachute troops on the vital North-South Highway 20 miles south of Muong Kassy Tuesday. The royal forces' action would be an outflanking move. Muong Kassy is about 100 miles north of here.

The stepped up military operations appeared to be part of efforts by each side to consolidate its position as international diplomatic maneuvers increased the possibility of a cease-fire.

Britain Wednesday obtained the assent of the royal government to cease-fire proposals and assurances of cooperation in British-Russian peace moves to end the Laos crisis. The British indicated

## OIL EXECUTIVE WAGNER GETS CHAMBER POST

By FRANK CORMIER

WASHINGTON (AP) — Richard Wagner, the new president of the U.S. Chamber of Commerce, is "a pot-bellied, sawed-off little man with a big voice."

If the description seems unflattering, it is Wagner's assessment of his own image on the occasion of his election as the chamber's 34th president.

Wagner, 64, is chairman of the board and chief executive officer of the Champlin Oil and Refining Co., Chicago. He said today he may have to revise part of the title because his one-year stand as chamber president, which begins May 2, will leave him little time for company affairs.

**SALARIED AT \$70,000**

The chamber job carries no salary. Champlin pays Wagner \$70,000 a year, a large jump from his first earnings—12 cents an hour for a 60-hour week—as a bank runner in Chicago's Loop in 1910.

Wagner was 14 at the time and went to work because of necessity. His family was poor. His father was a professional singer who tried to piece out the family income through sales jobs and waiting table.

"Don't play up the Horatio Alger bit," Wagner said. "It's not false modesty, believe me. It's just that in my day a lot of fellows started with nothing and got somewhere. It wasn't unusual."

**WASN'T CONTENT**

Wagner wasn't content as a bank runner and studied a short-

hand book in his spare time. Within a year he was assistant secretary to the bank's president.

By 1929, he was vice president of the Continental Illinois National Bank and Trust Co., the institution that originally paid him \$5 a week.

## Abbottstown

ABBOTTSTOWN — Mr. and Mrs. George Rightmire and daughter, Jane, spent Easter Sunday in New York City.

Mr. and Mrs. Francis Smith and family moved from Hanover to the home they recently purchased on Lincolnway West.

Mrs. Lester Baker is a patient in the Hanover Hospital.

The Abbottstown Borough Council will meet Wednesday, April 19.

The Abbottstown Municipal Authority will meet Thursday, April 20, at 7:30 o'clock.

Mr. and Mrs. Elmer Butt entertained 23 members of their family at dinner Easter Sunday.

At the service in St. John's Lutheran Church Sunday afternoon, Rev. L. J. Karschner baptized the following children: Linda Sue Heff, daughter of Mr. and Mrs. Robert Neff; Pamela Sue Leib, daughter of Mr. and Mrs. James Leib; Ronda Jean Baker, daughter of Mr. and Mrs. Martin Baker; Charles Roger Cox, son of Mr. and Mrs. Charles Cox Jr.; Rickey Lee Showers, son of Mr. and Mrs. Sterling Showers; Peggy Jayne Duncan, daughter of Mr. and Mrs. Gary Duncan.

Flowers on Sunday were presented in memory of Amos Linebaugh by Mr. and Mrs. Charles Wilt and son, Carl. A bouquet of flowers in recognition of the 25th wedding anniversary of Mr. and Mrs. Howard Keeney was presented by their children. The palms were presented by the Luther League and the bulletins were sponsored by Mr. and Mrs. Signey Sagola.

A dozen blocks away, the same story is repeated every morning at William Frantz Elementary School.

**SOME VIOLENCE**

The two schools were desegregated last Nov. 14 under federal court directives. For awhile, violence flared at the two schools. Then police put a cordon around the areas and pushed demonstrators away.

At Frantz, 10 white children attend classes with one Negro first grader. Before Nov. 14 the Frantz enrollment was near 600. The parents of the white children have been subjected to harassment and abuse from fighting-mad segregationists. Police protection was required at the homes of some.

## School Integration In New Orleans Snagged By Public

Editor's Note: New Orleans public schools were integrated last Nov. 14 for the first time since Reconstruction. The federal court integration order, applying to only the first grade, caused virtually all white parents to remove their children from the two affected schools. The following story brings you up to date.

By BEN THOMAS

NEW ORLEANS, La. (AP) — The woman walks her two elementary school children two blocks to board the school bus. Then she rides with them and other white children to segregated schools a mile away in neighboring St. Bernard Parish.

While Ethel Arieux, 32, wife of a truck driver, and other mothers chaperone the children on the buses, other women watch from behind curtained windows to see if any white children go into three-story McDonogh No. 19 Elementary School on busy St. Claude Avenue near the eastern limits of New Orleans.

A dozen blocks away, the same story is repeated every morning at William Frantz Elementary School.

The two schools were desegregated last Nov. 14 under federal court directives. For awhile, violence flared at the two schools. Then police put a cordon around the areas and pushed demonstrators away.

At Frantz, 10 white children attend classes with one Negro first grader. Before Nov. 14 the Frantz enrollment was near 600. The parents of the white children have been subjected to harassment and abuse from fighting-mad segregationists. Police protection was required at the homes of some.

Two days after McDonogh was integrated by three Negro girls—all first graders—all 480 white students had been withdrawn. In February two sons of a drug store clerk broke the boycott. They stayed for three days. Then their father left town.

**WILL GET EDUCATION**

Mrs. Arieux, who raises racing pigeons as a hobby, voices the sentiment of many of the parents who put their children in segregated classes in St. Bernard.

"Sure, it is inconvenient. But my children will never go to school with Negroes. I don't care what the federal courts say. But they'll get an education if I have to work my fingers to the bone to do it."

In Baton Rouge, the state capital 80 miles away, the legislature is not in session for the first time since last Nov. 4. In six special sessions, which cost taxpayer slightly more than 1 million, the lawmakers repeatedly passed measures to thwart the integration decree. The federal courts knocked them out just as fast.

The New Orleans School integration case has settled down to a legal impasse. Each side refuses to give an inch. The schools are integrated, but white children are going to classes elsewhere. Public school teachers, unpaid for awhile during the struggle, now regularly get their checks.

BERLIN (AP) — Despite an amnesty last fall, 9,000 to 10,000 political prisoners are still in Communist East Germany's jails, the League of Free Jurists said Tuesday night. The league said that of 1,253 persons imprisoned for taking part in the June 17, 1953, abortive revolt, 106 are still in prison.

## Bishop's Wife Says Women Should Follow Own Interests

By JANET FERRIS

SAN FRANCISCO (AP)—Mrs. James A. Pike, wife of California's forthright Episcopal bishop and the mother of four children, is not a woman to relegate her public life to an occasional committee meeting.

Says 42-year-old Esther Yanovsky Pike:

"Ministers' wives should be themselves. We should develop in the directions that our interests take us," she says.

Esther Pike can maintain a lively chat without saying "I" more than once in five minutes. She helps her husband with his editorial work, traveling and entertaining. She keeps track of two girls, 12 and 18, and a boy, 10, at home, and guides an older boy, 15, who is away at boarding school.

A gracious, trim woman whose dark hair is short and curly, she has an erect carriage and a quick step.

### ALWAYS BUSY

She participates in an important church committee and lectures to many church groups. She works with several secular committees, is planning a series of radio programs and studies French on the side.

"I've always served as my husband's editorial assistant and chauffeur. Since his hernia operation, I've become his porter as well," Mrs. Pike says.

"We ministers' wives have the opportunity of sharing more of our husbands' lives than a lot of professions," she says.

Her husband has become one of the nation's most often heard religious leaders.

Recently, some Southern clergymen accused him of heresy. Mrs. Pike denies the charges calmly.

"He often consults Mrs. Pike before he makes a decision," says an assistant.

### HAS LAW DEGREE

Bishop Pike was graduated from University of Southern California, took a doctorate in law at Yale. Admitted to the California bar, he became an attorney for the Securities and Exchange Commission.

While serving in Washington, D. C., with the SEC, James A. Pike also taught law courses at George Washington University.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP)—President Kennedy and his secretary of state, Dean Rusk, for two days have been attempting to inform the American public on their foreign problems—by remote control.

They did the informing on an off-the-record basis. Whether this is half so effective or informative as talking to the public directly—say through nationwide TV—is open to big dispute.

Rusk and other high State Department officials spoke here to about 500 radio-TV executives, commentators and newsmen who came from around the country at their own expense. Tuesday Kennedy talked to them, too.

### MUST RETELL

But, since it was all off-the-record, two rules apply:

1. When these people return home, if they want to talk on the air or in print about what they learned, none of it can be presented as coming from Kennedy, Rusk or others in the administration.

2. They must present what they learned, if they wish to discuss it at all, as their own views, in one way or another. They were told no secrets, of course, because none could be divulged without violating national security.

For several weeks now, other officials of the Kennedy administration have been talking off-the-record with newsmen and TV commentators at luncheons and dinners.

### CAN'T QUOTE SOURCE

Here, too, nothing reported later can be presented as coming from them, directly or indirectly, or as reflecting the views of the administration. Some of these off-the-record sessions can be extraordinarily dull and barren.

Officials in the administrations of Presidents Roosevelt, Truman and Eisenhower held similar off-the-record sessions but with small groups of newsmen and commentators.

Eisenhower himself had a series of such meetings with newsmen he invited to the White House for dinners.

The trouble with all this—from the standpoint of public information—is that the public is not being told and in fact, by the rules laid down, is prevented from being told the true origin of this information.

### MAY QUOTE KENNEDY

There is one situation in which the public can have no doubt Kennedy is talking. That is at his wide open news conferences, be-

cause then he can be quoted directly in all he says.

But time alone in these 30-minute sessions must often prevent him from going into all the detail an answer to a question may require.

And, since his statements are answers to questions, he does not have a chance to go into problems he may consider more important and worthy of discussion than what is asked him.

### COULD BE EDUCATIONAL

He could do a real educational job with the public by talking to it directly on TV about national problems. For some reason he hasn't tried this yet.

Eisenhower started doing it early in his administration, making his first such TV talk on April 16, 1953. His secretary of state, the late John Foster Dulles, made a TV talk on foreign policy Jan. 27, 1953, seven days after taking office.

True, Rusk is less talkative than Dulles. But that doesn't an-

## ISSUE PAPERS IN ESTATES

The register and recorder Wednesday granted letters of administration to the following:

Oneida V. Pittenturf, 106 Boyer St., Littlestown, in the estate of Roy D. Pittenturf, for the \$175 worth of personal property; Charles E. Breighner, Biglerville, in the estate of Clara J. Breighner, New Oxford, for the \$300 worth of personal property and \$2,900 worth of real estate; and Roy W. Asper, Lancaster, in the estate of Annie M. Asper, York Springs R. 2, for the \$540 worth of personal property.

The register and recorder also granted letters testamentary to: Mary Catherine Henry, McSherrystown, in the estate of Bernard B. Henry, McSherrystown, for the \$50 worth of personal property; Russel E. Ecker, Gardners R. 1, and Janet L. Siler and Eugene E. Ecker, both of York Springs R. 2, in the estate of Mary A. Ecker, Tyrone Twp., for the \$5,000 worth of personal property; Edwin and Grace Dunkle, Baltimore, Md., in the estate of G. W. Alexander, Hamiltonban Twp., for the \$1,000 worth of personal property; Richard S. and Bill H. Warren, Gettysburg, and Reba L. Albright, Gardners R. 1, in the estate of the late S. Belle Warren, Arendtsville, for the \$7,500 worth of personal property and the \$100,000 worth of real estate.

## Buying a USED CAR?

Timely Tips That Can Help Protect Your Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.
3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed-up."
5. BUYING from a NEW CAR DEALER IS YOUR BEST BET. . . . Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.
6. Insist on knowing where the Used Car came from. "Ask who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.
7. New Cars bought from Used Car Dealers . . . REMEMBER, only the New Car Dealer is authorized to extend a FACTORY WARRANTY to a buyer, NO ONE ELSE.

## Irish U.N. Troops Seize Elisabethville Airport

By ERROL FRIEDMANN  
ELISABETHVILLE, Katanga (AP)—An advance guard of a battalion of Irish U.N. troops flew into riot-torn Elisabethville Wednesday and immediately occupied the airport. They met with no resistance from Katanga President Moïse Tshombe's army or police.

A reliable U.N. source said the Irish had been sent to hold the airport until the arrival of Indian Gurkhas in Elisabethville, a move violently opposed by Tshombe. The airport's guard of Swedish U.N. troops, who were attacked Tuesday by a rampaging mob incited by Tshombe, retired to their camp on the outskirts of Elisabethville.

### 500 MORE COMING

The Irish vanguard numbered about 150 troops, heavily armed and in full battle dress.

Another 500 were expected in the next few hours.

Katanga government officials apparently were unaware of the arrival of the Irish until it was too late to try to prevent their landing. As the first Skylanders and C119 flying boxcars roared in from the U.N.-occupied Kamina base in west Katanga, Tshombe was in conference with Gen. Sean McKeown of Ireland, the U.N. military commander in the Congo. McKeown flew from Leopoldville to confer with Tshombe about the mob rampage Tuesday against the U.N. troops in Elisabethville. The Katanga radio and Elisabethville's morning newspaper said today—before the Irish arrived—that Tshombe and his government had won a great victory.

"U.N. IS SHATTERED"  
"The United Nations is shattered," a broadcast said. "They should go home now."

Tshombe had whipped his people into a frenzy after the Swedish guard at the airport arrested 24 Katanga army troops and a Belgian officer who tried to seize control of the field. The Katanga president made clear in a statement that his purpose was to prevent the arrival of Indian U.N. troops. He opposes them because of Indian Prime Minister Nehru's avowed opposition to Tshombe.

As the mob fever mounted, the U.N. command in Elisabethville agreed to return the airport to the joint control of Katanga police and U.N. troops. But some 4,000 Africans—many of them armed with long-bladed knives—were already on the march to the field.

### BUILDING IS STONED

The airport building was stoned, several Swedes were injured on the road to the airport and about 60 U.N. personnel were arrested, ridiculed and held for periods ranging from 30 minutes to five

## GOP TO BLAME LAOTIAN FALL ON KENNEDY

WASHINGTON (AP)—Republican congressional leaders appear to be constructing a record aimed at putting the blame on the Kennedy administration if Laos eventually falls into Communist hands. Their strategy, not publicly admitted, seems directed at countering Democratic contentions that President Kennedy inherited from the previous Republican administration of Dwight D. Eisenhower an almost insoluble crisis in Laos.

Senate Minority Leader Everett M. Dirksen of Illinois fired another round Tuesday in behalf of the GOP at an informal news conference. He contended that formation of a coalition government in the Southeast Asian country would only "postpone the evil day" of a Communist takeover. Dirksen said he was "greatly distressed" by a suggestion of roving Ambassador W. Averell Harriman that neutralist Prince Souvanna Phouma will have to have a place in any coalition government that might be established.

Secretary of State Dean Rusk is expected to be questioned about this point at a scheduled confidential briefing of members of the Senate Foreign Relations Committee next Tuesday. It was Dirksen's theme that if Communists win a place in the kind of neutralist government Kennedy has said he favors in Laos, the result will be that they will win command of the country. He said "the history books show that's what always happens."

Several Republican leaders have pursued Dirksen's course.

MONTGOMERY, Ala. (AP)—Three Bomarc-A missiles, one of which failed, were launched here Tuesday by Air Force crews from Santa Rosa Island, Fla. The Air Force said the three separate launchings were successful, but one of the ground-to-air missiles malfunctioned and fell into the Gulf. There was no further explanation of the malfunctioning.

## M'NAMARA'S CHANGES MAY BE APPROVED

WASHINGTON (AP)—Senate veterans today credited Secretary of Defense Robert S. McNamara with stout and logical arguments for major changes in this nation's military might.

McNamara said a study of the general position brought the decision "to reduce our dependence

on deterrent forces which are highly vulnerable to ballistic missile attack or which rely for their survival on a hair-trigger response to the first indications of such an attack."

"Secretary McNamara has acquired an amazing knowledge of our defense problems in a relatively few months," Sen. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, said Tuesday after nearly six hours of closed-door testimony.

### PREDICTS APPROVAL

The new Pentagon chief, a former president of Ford Motors,

and Gen. Lyman Lemnitzer, chairman of the Joint Chiefs of Staff, returned for additional Senate questions Wednesday.

Sen. Francis Case, R-S.D., one of the 17 committeemen who listened to the testimony said in a separate interview: "I suspect that when we get through he (McNamara) will have most of his major recommendations approved both ways."

Case said he referred to proposals to spend additional millions on stepping up operations of certain long-range nuclear missiles and strengthening the ground and other forces involved in limited

## MISCUE IRKS COMMUNISTS

CAMBRIDGE, Mass. (AP)—Four top Soviet scientists are missing today—because of an embassy error—from the Massachusetts Institute of Technology cen-

tennial to which they were invited.

The four, all academicians attached to the Academy of Sciences in Moscow, cancelled their trip when they received visas covering only the period April 1-8. They had applied for visas for April 1-28, so that they could attend the MIT affair, and then go to a California Institute of Technology session April 19-23 and a meeting of the U.S. National Academy of Sciences in Washington April 24-28.

In Washington, State Department press officer Lincoln White

said the U.S. Embassy in Moscow was notified the visas were authorized for April 1-28.

He said a check with the embassy revealed that the number "3" had been dropped from the valid dates so they read April 1-8 instead of April 1-28.

He said the error was corrected Monday, but the Russians said they could not obtain airline bookings until April 10—too late for the MIT centennial which closes next Sunday.

Suicides are most common in the month of April and spring is the season of greatest frequency.
